### 3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

**You are non-compliant with your permit.**

**At this time, we are issuing you with a warning for the non-compliance recorded above. Warnings may influence future enforcement response for continued or further non-compliance.**

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

### 4. Details of our assessment

On the 08/12/2025, NRW officers visited Los Reyes Tapas Limited to undertake a routine monitoring/sampling check on the discharge from the package treatment plant (Permit no. AN0291801). Breaches of the following conditions were recorded.

#### **Breaches**

**1. CATEGORY 4: Condition 6(i) – Biochemical oxygen demand (BOD).**

*The discharge shall not contain more than 6 milligrammes per litre of biochemical oxygen demand (measured after 5 days at 20°C with nitrification suppressed by the addition of allyl-thiourea).*

**Justification** – The measured value of BOD was recorded as 7.02mg/l, within 20% of the listed limit. As such this has been marked as a Category 4 (C4) breach.

**2. CATEGORY 3: Condition 6(ii) – Suspended solids**

*The discharge shall not contain more than 10 milligrammes per litre of suspended solids (measured after drying at 105°C).*

**Justification** – The measured value of suspended solids was recorded as 12.5mg/l, over 20% higher than the listed limit. As such this has been marked as a Category 3 (C3) breach.

#### **Actions required by date specified**

1. Improve operations to bring the discharge into compliance with permitted limits
2. Produce a report on why the system is not meeting limits of the permit

The deadline for the above actions is **19/03/2026**

## Important information

### Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

### Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action required for the permit condition assessed to avoid non-compliance. No non-compliance scored at this time
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property
