Dear Chris

I assent to the use of fields for spreading dredging material

Field sizes are

SO 1619 9851 0.51 Hectares

SO 1719 1555 1.18 Ha

William Gibbs

 This sender davies-landrover@hotmail.co.uk is from outside your organization.

 You forwarded this message on 06/01/2026 10:09.

Thank you for the soil analysis. Apologies for slow reply we were awaiting a reply on the land owner regarding one of the fields.

I can confirm, for the sole purpose of supporting the NRW permit application, that I am aware of the proposal to landspread canal silt on the fields identified as CD1 and CD2.

This confirmation is provided strictly for permit application purposes only and does not constitute a binding agreement, licence, or consent to commence works, nor does it grant access to the land. Any permission to carry out landspreading would be subject to a separate, formal written agreement being agreed in advance by all relevant parties.

Kind Regards
Carl Davies
