Type of assessment carried out: Check Monitoring/Sampling,

Reason: Routine.

On 06/11/2025.

Parts of permit assessed: Various

NRW Lead Officer: Chris Gurney.

Report sent to: Asset Manager Environment & Water Quality Compliance, Asset Manager Environment & Water Quality Compliance, on 17/02/2026.

1. Summary of our findings (full details in section 4)

Part of permitted activity assessed (criteria)	Assessment result	Non-compliant permit condition
WQ-C1 - Water Quality - Emissions and monitoring - Emissions to water	C3 Minor	3.1.2

Result types are explained in more detail in the 'Important Information' section below.

2. What action is required?

Criteria	Action needed	Complete by
WQ-C1	Investigate the cause of failure and consider options to prevent any future failures	Already completed

Action criteria codes are listed in the 'Important information' section below.

3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

At this time, we do not intend to take any further action.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

On 6 Nov 2025, A routine sample was taken which exceeded the allowable limits for Ammoniacal Nitrogen as described within the emissions and monitoring schedule of Permit CB3396HZ (Schedule 3- Table S3.1). The sample contained 22.9 mg/l N, with an allowable limit of 20mg/l.

This noncompliance has been assessed as a Category 3 breach of the permitted condition. A noncompliance with the potential to have a minor impact or effect on the environment. Continued exceedance of permitted limits can result in significant impacts on water quality within the receiving watercourse.

Action was taken by Ancala to investigate and mitigate for the exceedance and no subsequent exceedances have been noted nor any pollution reported. No further action is required.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):
