

Mr Steven Jackson
Geo2 Remediation Ltd
11, The Mending Rooms
Town Street
Farsley
Leeds,
LS28 5UJ

Our ref: PAN-002014

Date: 07/11/2017

Dear Mr Steven Jackson

Confirming you may begin your deployment

Deployment ref: PAN-002014

Permit reference: EPR/QP3592ZY

Permit holder: Geo2 Remediation Ltd

**Location of the deployment: CERTAS Energy UK, Former EMO Oil Depot,
Aberystwyth, SY23 1LL**

We've assessed your deployment application and agree that you may start to operate.

Your deployment lasts for one year and expires on **06/11/2018**. If you wish to continue after this date you must complete another deployment application.

You must comply with your permit and carry out the activities in accordance with the requirements of the agreed deployment application. The term 'deployment application' refers to the deployment form and all of the accompanying information. The accompanying information includes that which is sent in with the deployment form and any additional information received during the assessment.

If you want to change any of the details provided in the deployment form you must seek written permission from us before you change what you're doing.

Please remember that your deployment activity should not:

- be harmful to human health, or the quality of the environment,
- cause offence to human sense,
- result in damage to material property or
- impair or interfere with amenities or other legitimate uses of the environment or
- use processes which could endanger human health or harm the environment.
- breach any directly applicable legislation.

If you fail to comply with these requirements you may be committing an offence and enforcement action may be taken against you.

This approval letter is only to allow the mobile plant deployment in accordance with your environmental permit. As the operator, it's your responsibility to agree other authorisations, for example, planning permission, remedial strategy and objectives, abstraction or discharge consents with the relevant regulatory authority.

If operating a remediation activity; please note that operating under your mobile plant permit does not imply that the remediation processes used will be suitable for meeting any remediation objectives specified. These issues must be considered separately by the developer/consultant and our local area Geoscience team. These must be defined in the site remedial strategy which sets out the remediation options to reduce or control the risks from pollution linkages associated with the site as a whole. You may need to carry out further remediation if an unacceptable risk to the environment remains at the site.

Please notify me at least seven days prior to starting the activities. I will send your notification to the local area office closest to the deployment site.

If you have any queries about this matter please contact us by telephone on 0300 065 3000 or email us at enquiries@naturalresourceswales.gov.uk quoting your deployment application reference.

We'd really like to hear about your experience of dealing with us in relation to your Natural Resources Wales permit application. Please give us 5 minutes of your time to complete our online survey using the following link:
<https://naturalresources.wales/apply-for-a-permit/permitting-service-customer-survey/?lang=en>

Hoffen glywed am eich profiad o ddelio â Chyfoeth Naturiol Cymru yn ystod eich cais ar gyfer trwydded. Os oes amser gennych, cwblhewch ein arolwg ar-lein gan ddefnyddio'r ddolen ganlynol os gwelwch yn dda:
