

APPLICATION FOR A MARINE LICENCE FOR MARINE WORKS

Marine Works include, but are not limited to, coast defences, beneficial uses of dredged materials, subsea cables, pontoons, jetties, land reclamation, grab samples and outfall pipes under the Marine and Coastal Access Act 2009

Please read the notes carefully before completing the form.

- The Marine Licensing Team (MLT) administers Part 4 of the Marine and Coastal Access Act 2009 on behalf of the Licensing Authority, the Welsh Ministers.
- The completed application form must be accompanied by a location plan and, where appropriate, descriptive drawing(s) and any supporting environmental assessments.
- Please submit applications to the **Permit Receipt Centre** via the details at the top of this form. For applications larger than 20MB, we would advise that you contact us to determine the most appropriate method for submitting your application.
- Please submit marine licence applications, including this form and all supporting documents, **at least 4 months before the licence is required.**

Some projects may raise matters that require a significantly longer time for consideration.

These are most likely to be:

- Projects that fall **within** The Marine Works (Environmental Impact Assessment) Regulations 2007 – as amended requiring an Environmental Statement
- Large scale projects with substantial volumes of material being deposited or excavated
- Works requiring an Appropriate Assessment to be conducted under The Conservation of Habitats and Species Regulations 2017.
- Information should be provided about the anticipated **duration of the entire project** in respect of works below/seaward of Mean High Water Spring (MHWS). Where appropriate, planned phasing of the work for which consent is sought must be detailed. For projects lasting more than one calendar year, planned phasing details must be given for each 12 month period.

A licence fee is payable in respect of an application. Details of fees can be found on our web pages.

Please note applications will not be processed without the correct relevant fee or invoicing details.

- Payments can be made via Cheque, BACS or credit/debit card.
 - Cheques should be crossed and made payable to **Natural Resources Wales.**
 - For BACS payments ensure you provide the reference number (not remittance number)

Further information on payment methods can be found on our web pages.

- **All activities need to comply with the Water Framework Directive (WFD). The framework and guidance can be found on the Natural Resources Wales website,**

<http://naturalresources.wales>. The results of your WFD assessment must be attached to your marine licence application.

- Please answer all questions. If any information is not available at the time of application please indicate in the relevant section, giving reasoning in a covering letter. Outstanding details must be submitted as soon as possible. Any delay in forwarding details is likely to result in delays in determining your application.

Your application may not be considered complete and therefore not processed until key information has been submitted. Your application may be returned if you fail to submit outstanding information within given timescales.

- Please note any licence may have conditions that must be discharged before works can commence. This will take additional time.
- If you have any queries with regards to completing this application please contact the MLT: marinelicensing@naturalresourceswales.gov.uk

How your application will be processed by the MLT:

- Submit all application to the **Permit Receipt Centre** via the details at the top of this form.
- Checked and acknowledged by the MLT within 21 days of receipt of application and payment
- If the application is complete and no further information is needed at this time, your application will be placed in a work queue to be assigned a permitting officer
- If the application is not complete, further information will be request and need to be provided before the application can be considered as complete
- Our **4 months** service level for determining non-EIA applications will begin from the date the **completed** application is received (*Please note some projects may take significantly longer than 4 months to determine due to their nature*)
- EIA projects may take significantly longer due to their scale and complexity. Therefore we encourage early engagement with the MLT
- Your application and supporting documents will be sent to for an initial consultation period of 28 days (*42 days for EIA projects*)
- For the majority of projects, a public notice must be advertised. Public consultation will be 28 days (*49 days for EIA projects*). For EIA projects a second public notice will be required. The MLT will advise on how this should be done.
- Responses to consultation will be considered and additional information requested at this time, if necessary.
- A decision on your Marine Licence Application will be made

All information submitted may be referred to within a licence, therefore all works must be in accordance with this information, unless otherwise agreed with NRW acting on behalf of the Licensing Authority during the determination process.

It is the responsibility of the applicant to obtain any other consents/authorisations that may be required.

Application Form Structure

1. Project Description and Cost
2. Applicant Details
3. Details of Agent, Contractor, Vehicles and/or Vessels used to carry out works
4. Environmental Impact Assessment (EIA)
5. Licensable Period
6. Project Description
7. Methods Statement
8. Materials of Project
9. Beach Replenishment, Land Reclamation or Salt Marsh Feeding
10. Temporary Works
11. Dredge and Disposal of Dredge Material
12. Protected Sites
13. Other Consents
14. Statutory Powers
15. Public Register
16. Application Fee
17. Declaration

Check List

Please ensure that you have included all the necessary information before you submit your application. **If any of the below are not completed in the application form, the application is likely to be considered incomplete and may be returned to you**

Item	Yes (✓)
The applicant is a legal entity?	x
The declaration is signed by the applicant?	x
Is the application fee correct?	NRW project
Are the grid references/coordinates correct?	x
Do the coordinates match map locations?	x
Have all the relevant supporting documents been submitted?	x
Has a clear methodology been provided in the application form?	X
Has Protected sites information been included?	x
Has a Water Framework Directive (WFD) assessment been submitted?	x
Are all the continuation sheets for application questions appended with correct corresponding numbers?	X

Should you have any queries regarding you application please contact the MLT via marinelicensing@naturalresourceswales.gov.uk

1. Project Description and Cost

1 (a). Project Name

Llanelltyd Sheet Pile removal

1(b). Please provide a brief description of the proposed project, including location

A 100m length of sheet piles was constructed historically along a section of the Afon Mawdach by NRW predecessors, we believe as erosion protection to land to improve agricultural potential. Approximately 30m length of these have failed and are now presenting an h&S risk to members of the public using this part of the river. This project is to remove these failed piles under H&S grounds, and the remaining length of piles subject to landowner agreement. Grid refxxxxxx, Llanelltyd, north west Wales.

1(c). Please provide an estimated gross cost of the project (Inc. materials and labour) for works that fall below/seaward of Mean High Water Springs (MHWS)

£300k

2. Applicant Details

To whom the licence will be issued. *This must be a legal entity such as an individual, registered company/ charity or public body.*

Title Miss

Full Name Sherron Kitchen

Company or Trading Name

Natural Resources Wales

Company Registration Number (if applicable)

N/A

Name of Contact or individual (if different)

N/A

Position in Company

Specialist, Project and Programme Delivery

Address inc. postcode (provide registered Company address if applicable)

Telephone Number

07468 742 435

Email Address

Sherron.Kitchen@cyfoethnaturiolcymru.gov.uk

3. Details of Agent, Contractor, Vehicles and/or Vessels used to carry out works

3(a). Agent Details

This is who we will correspond with unless otherwise informed. If no agent we will contact the applicant.

Title	<input type="text"/>	Full Name	<input type="text"/>
Company or Trading Name	<input type="text"/>		
Company Registration Number (if applicable)	<input type="text"/>		
Name of Contact or individual (if different)	<input type="text"/>		
Position in Company	<input type="text"/>		
Address (Inc. postcode)	<input type="text"/>		
Telephone Number	<input type="text"/>		
Email Address	<input type="text"/>		

3(b). Does the Applicant wish to be included in all correspondence? Yes No

3(c). Contractor Details

In order for contractors to benefit from the licence permission, details must be provided. Any details not provided with application must be confirmed before operations commence.

Contractor Company or Trading Name	Address
To be confirmed before site works take place. We are planning to use one of the suppliers from our NRW MWF framework	

3(d). Will the works require the use of vessels?

Yes No

3(d) (i). Vessel Details (if applicable and available)

In order for contractors to benefit from the licence permission, details must be provided. Any details not provided with application must be confirmed before operations commence.

Operator	Name of Vessel	Type of Vessel	Vessel Registration Number	Country of Registration

3(e). Will the works require the use of vehicle?

Yes No

3(e) (i). Vehicle Details (if applicable and available) to be used below MHWS

In order for contractors to benefit from the licence permission, details must be provided. Any details not provided with application must be confirmed before operations commence.

Operator	Type/Description of Vehicle

3(f). If the contractor or vessels or vehicles are not known at the application stage, when do you expect to provide these details?

These details will need to be confirmed prior to the licence and operations commencement

A machine/plant will be used to assist in the lifting/removal of the piles, above MHWS from and onto land.

4. Environmental Impact Assessment (EIA)

Certain projects, due to their scale, location and/or nature, may require an EIA under the Environmental Impact Assessment Directive (Directive 85/337/EEC – as amended). If a project qualifies under EIA, an Environmental Statement (ES) must be prepared and submitted with the application.

Projects that fall within Annex I of the Directive automatically require an EIA. Projects that fall within Annex II of the Directive are assessed on a case-by-case basis for the requirement for an EIA to be undertaken.

4(a). Do you consider the works to be under the Environmental Impact Assessment Directive (Directive 85/337/EEC – as amended)? Yes No

4(a) (i) If Yes, which Annex does the proposal fall under? Annex I Annex II

4(a) (ii) Which number(s) within the Annex does the proposal relate to?

4(b). Have you applied for a screening or scoping opinion from the MLT under the Marine Works (Environmental Impact Assessment) Regulations 2007 (as amended)? Yes No

4(b) (i). If Yes, please provide the reference number

4(c). Has an Environmental Impact Assessment been undertaken? Yes No

4(c)(i). If Yes, has an Environmental Statement been submitted to support this Marine Licence application? Yes No

4(d). If an Environmental Impact Assessment has been undertaken, but an ES has not been submitted, please provide an explanation

Please continue on a separate sheet if necessary. Please tick if you have done this

5. Licensable Period

Determination of applications will be based on the works taking place during these dates. Please ensure you have included an adequate contingency period. If works are not completed by the Requested Licence Expiry Date you may be required to submit a new

application. *Including a contingency period within your original application does not impact on Licence Fee*

Start Date 31/07/2026

Requested Licence Expiry Date 30/08/2027

Please ensure you submit your application for a Marine Licence at least 4 months prior to the intended start date. Some projects, such as EIA projects, will take significantly longer to determine.

6. Project Description

6(a). Please give a description of the proposed project.

This should include the purpose of the project, estimated timescales of construction and operation, and broken down by the phases of works, if applicable.

Details should include, but not be limited to, dimensions of project, quantity of material being deposited and removed.

Due to the nature of the ground in the area works can only be carried out within the drier summer months. The purpose of the project is to remove the sheet piles which have and are failing as they are posing a H&S risk. They appear to have been placed historically by a predecessor of NRW to protect the land from erosion by the river at this section.

The contractor will access these piles via the land. There is an agricultural bund surrounding the land behind, a section of which has been breached behind the failed piles. Our proposed works do not involve repairing this breach section.

An approximate length of 30m of steel sheet piling has failed and is posing a H&S risk to the public and river users.

The total length of sheet piling is 100m. The remaining approx..70m will fail over time and we are negotiating with the landowner to remove these at the same time. But presently we plan to remove only the failed approx.. 30m length.

The structure is not a Flood Risk asset therefore we cannot carry out the works using our permissive powers but are seeking an agreement with the landowner to carry out the works on H&S grounds.

The method of removal as indicated by our ECI contractor is to cut off the failed piles at bed level and use a machine to lift them out of the water, onto land to be removed from site.

Estimate time to remove 30m section of piles is approximately two weeks in total but will need to work around tides so overall timeframe will be longer.

Please continue on a separate sheet if necessary. Please tick if you have done this

6(b). Please detail the location of the proposed construction project.

These should be Latitude and Longitude coordinates (WGS84) in decimal degrees to 5 decimal places (e.g. Lat 52.12345 Long -4.12345), defining the extent of the project.

SH 71176 19067, right bank of the Afon Mawddach, near village of Llanelltyd. North west Wales

Please continue on a separate sheet if necessary. Please tick if you have done this

6(c). The following must be provided with the completed application form:

- (i) a suitably scaled extract of an Ordnance Survey Map or Admiralty Chart with location of project, complete with **North Arrow** and **Scale**
- (ii) construction plans and sectional drawings showing those proposed works below/seaward of MHWS, which should give details of the materials to be used (for beach replenishment the quantity, particle size and source of material to be deposited and deposit location is also required).
- (iii) a descriptive schematic drawing and suitably scaled location plan which show the full extent of the project clearly in relation to the surrounding area and features.

Please list below **all supporting documents** that have been submitted with this application, including suitable documents/maps/drawing titles and reference numbers

For Llanelltyd sheet pile removal project.

- PEA
- EAP
- WFD screening report
- Geomorphological Assessment
- Env Screening Advice note from EHAT
- Sheet 1 & 1a.- location plans
- Sheet 2 Drawing of proposed works
- Sheet 3 Method statement—see Part B of Site Risk Assessment & Method Statement

Please continue on a separate sheet if necessary. Please tick if you have done this

The applicant should note that these drawings/plans may be copied to others as part of the MLT's consultation procedures. If they are subject to copyright, it is the **responsibility of the applicant to obtain the necessary approvals to reproduce the documents.**

7. Methods Statement

7(a). Please provide a detailed method statement for the works

This must include methods for all works including temporary structures or deposits such as jetties, cofferdams, moorings or landing stages to be constructed seaward of MHWS

Please see Sheet no.3 "Site Risk Assessment & Method Statement (RAMS)", Part B, Method Statement attached.

Please continue on a separate sheet if necessary. Please tick if you have done this

7(b). Do you intend to undertake activities that could generate underwater noise?

This include piling, use of explosives, geophysical, acoustic deterrent devices and multibeam echosounders.

Yes No

~~7(b) (i). If Yes, what type(s) of activities will be undertaken?~~

~~7(b) (ii). If Yes, approximately how many days will the activity be undertaken for?~~

~~If Yes, you will be required to complete an additional form that will be provided.~~

7(c). Please state the measures to be taken to:

(i) ~~Minimise risk to the marine environment~~

(ii) ~~Prevent undue interference to others~~

(iii) ~~Maintain navigational safety, including marking and lighting of works~~

Please continue on a separate sheet if necessary. Please tick if you have done this

8. Materials of Project

8(a). Description of materials to be deposited seaward of MHWS (Please tick all that apply)

- | | | | | | | | |
|--------|--------------------------|------------|--------------------------|----------|--------------------------|--------------------------|--------------------------|
| Timber | <input type="checkbox"/> | Iron/Steel | <input type="checkbox"/> | Concrete | <input type="checkbox"/> | Biocides/other chemicals | <input type="checkbox"/> |
| Silt | <input type="checkbox"/> | Stone/Rock | <input type="checkbox"/> | Gravel | <input type="checkbox"/> | Plastic/Synthetics | <input type="checkbox"/> |
| Sand | <input type="checkbox"/> | Other | <input type="checkbox"/> | | | | |

If other, please provide a description of materials.

None to be deposited but steel sheet piles to be removed.

8(b). Delivery method of materials to site

If sea delivery, please include details of vessels to be used with a chart of proposed route and transshipment area. If vehicle delivery, please provide the proposed access route.

N/A

Please continue on a separate sheet if necessary. Please tick if you have done this

8(c). Will the works involve removals seaward of MHWS? Yes No

8(c) (i). Description of materials to be removed seaward of MHWS (Please tick all that apply)

Timber	<input type="checkbox"/>	Iron/Steel	<input type="checkbox"/>	Concrete	<input type="checkbox"/>	Biocides/other chemicals	<input type="checkbox"/>
Silt	<input type="checkbox"/>	Stone/Rock	<input type="checkbox"/>	Gravel	<input type="checkbox"/>	Plastic/Synthetics	<input type="checkbox"/>
Sand	<input type="checkbox"/>	Other	<input type="checkbox"/>				

8(c) (ii). Description of objects/materials to be removed seaward of MHWS
Including quantities to be removed.

N/A

~~9. Beach Replenishment, Land Reclamation or Salt Marsh Feeding-~~

~~For works involving any of the above, please provide the following information~~

~~9(a). Is the material to be deposited like for like to existing material? Yes No~~

~~9(a)(i) If No for Beach Replenishment please provide justification why?~~

--

~~9(b). Description of material to be deposited~~

~~Please provide the grading specification of materials to be used, if using a range of grain sizes please state the percentage by weight passing. If unsure, please refer to the Wentworth Scale~~

--

~~Please continue on a separate sheet if necessary. Please tick if you have done this~~

~~9(c). Source of the material to be deposited~~

~~Including dredged or land based stating the origin of material~~

--

~~9(d). Has the material been chemically analysed? Yes No~~
~~If material has been analysed, we may request this information to determine the application~~

~~9(d) (i) If Yes, is the analysis data been included with the application? Yes No~~

10. Temporary Works

10(a). Will there be any temporary deposits below MHWS? Yes No
This includes construction materials, removed objects/material, jetties or cofferdams
If **Yes**, please continue with section 10

~~10(b). Please provide the location of temporary deposits
Please include a map/chart displaying the location of temporary deposits, if necessary.~~

~~10(c). Description of temporary deposits~~

Please continue on a separate sheet if necessary. Please tick if you have done this

11. Dredge and Disposal of Dredge Material

If you are undertaking Dredge and Disposal activities please also complete the Dredge and Disposal application form and submit together.

11(a). Do you intend to apply for a marine licence to dispose of dredged material to sea as part of the works in this application? Yes No

12. Protected Sites

Licensing Authorities have a duty to ensure that projects will **not have significant adverse environmental impact**, particularly on any designated **European Site of Conservation Importance - Special Areas of Conservation (SAC) and Special Protection Areas (SPA)**, listed under the Habitats Directive (Council Directive 92/42/EEC on the conservation of natural habitats and of wild fauna and flora). In addition, it is Government Policy that Wetlands of International Importance (Ramsar sites) are also considered as European

Sites. There is a duty to take reasonable steps to further the conservation and enhancement of nationally designated sites (Sites of Special Scientific Interest (SSSIs)).

12(a). Have you had pre-application correspondence with NRW, its legacy bodies or Natural England? Yes No

12(a)(i). If Yes, please provide copies of correspondence with application and state which team(s) you have contacted?

 Environmental Screening Advice Note Rebecca Byfield (for EHAT) 29/10/2025
--

12(b). Are any part of the works located *within* or *likely to affect* a designated conservation site? (SAC, SPA, SSSI or Ramsar) Yes No

12(b)(i). If Yes, which designated site(s) may be affected?

<ul style="list-style-type: none">• Mawddach Estuary SSSI;• Penllyn a'r Sarnau SAC.
--

12(c). Please provide a description of all mitigation measures proposed to avoid any impact on designated conservation sites.

<ul style="list-style-type: none">• HRA, is in the process of being written by our framework consultants.• PEA is attached to this application• SSSI Assent will be sought before works start on site. <p>Advice from each will be followed and be included in the business case and for the works.</p>

Please continue on a separate sheet if necessary. Please tick if you have done this

12(d). If the works are not located *within* or *likely to affect* a designated conservation site, please indicated the approximate distance to the nearest designated conservation site.

--

Please note that if the proposed works are in or within 2km of a European Site of Conservation Importance you will have to provide suitable mitigation measure to avoid any impact on designated conservation sites.

13. Other Consents

Please detail all consents that you have applied for or received for these works

Type of Consent	Applied for	To be applied for	Reference Number	Date of Issue and Expiry
Planning Permission under Town and County Planning Act 1990 – From Local Planning Authority (LPA)		x		
Name and Address of LPA for location of works	Eryri / Snowdonia National Park.			
Land Owners Consent such as The Crown Estate Consent	x			
Port Authority or Local Harbour permissions				
Other NRW consents such as Flood Defence or SSSI assent		x		
Details of NRW consent	SSSI assent			
Other consents such as Transport and Works Act Order, Section 36 Electricity Act, grant/loan sanction				
Details of other consents	None			

14. Statutory Powers

14(a). Does the applicant have statutory powers to consent any aspect of the project? E.g. coast protection authority, dredging powers, statutory undertakers Yes No

14(a)(i). If Yes, please give details and state the relevant legislation that gives these powers

15. Public Register

Under The Marine Licensing (Register of Licensing Information)(Wales) Regulations 2011 and the Environmental Impact Assessment Directive (Directive 85/337/EEC – as amended) , all information contained within or provided in support of this application will be placed on the Public Register unless NRW approve of the applicant's reasons for withholding all or part.

15. Is there any information contained within or provided in support of this application that you consider should NOT be included on the Public Register on the grounds that its disclosure:

15(a). Would be contrary to the interest of National Security? Yes No

15(b). Would prejudice to an unreasonable degree you, or some other person's commercial interest of those of a third party? Yes No

If **Yes** to either (a) or (b), please provide full justification as to why all or part of the information you have provided should be withheld

Please continue on a separate sheet if necessary. Please tick if you have done this

16. Application Fee

N/A as NRW project.

16(a). What are the corresponding fee band for this application? Band 2 Band 3

16(b) Band 2 Only

Projects are charged at a fixed fee of £1920. The application will not be processed until the correct fee has been provided.

Please provide the method of payment: *N/A as NRW project.*

Method	Yes (✓)	Reference Number
Cheque		
BACS (not remittance no.)		
World Pay (phone)		

~~16(c) Band 3 Application only~~

~~Band 3 applications are charged at on hourly rate of £120 and are invoiced in arrears. Please complete the details below which will be required for invoicing.~~

Customer Name

FAO

Purchase order number

Address for invoice

Telephone Number

Email Address

17. Declaration

I declare that to the best of my knowledge and belief that the information given in this application form and supporting documentation is true.

WARNING: It is an offence under the Marine and Coastal Access Act 2009, under which this application is made, to fail to disclose information or to provide false or misleading information and can invalidate any licence granted.

Signature  Date 13th April 2026

Name (in capitals) SHERRON KITCHEN

Position in Company Specialist Project and Programme Delivery

*Applications cannot be processed unless signed by the **Applicant** (not agent), the applicant must have appropriate level of authority within the company.*

Applications will not be processed unless signed
