Result types are explained in more detail in the 'Important Information' section below.

2. What action is required?

Criteria	Action needed	Complete by
WQ-C1	Regular monitoring of outfall.	Already completed

Action criteria codes are listed in the 'Important information' section below.

3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

At this time, we do not intend to take any further action.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

The purpose of this report is to record a failure with a Compliance Sample

Permit version in effect - **27/12/2022**

On the **24/02/26** a routine compliance sample was taken from the sample point at Outlet D and the following parameter was recorded outside the permitted levels:

	Det	Result	Max	Min
24/02/26	pH	2.73	9	6

Recent correspondence with John Rees - H&S and Environmental Manager indicate the site is inactive and only discharges rain related site run-off. NRW has been advised that following this compliance failure the site will be monitored and litmus papers had been procured in order to take indicative readings of the discharge.

Non-Compliance - CCS 4 - Condition c) i)

Action - Please monitor the outfall on regularly to ensure pH levels remain within permitted limited

If you have any concerns regarding the discharge from site, please contact me.

END

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action required for the permit condition assessed to avoid non-compliance. No non-compliance scored at this time
