Action criteria codes are listed in the 'Important information' section below.

3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

You are non-compliant with your permit.

At this time, we are issuing you with a warning for the non-compliance recorded above. Warnings may influence future enforcement response for continued or further non-compliance.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

Summary of Flow Pass Forward (FPF) (NRW FPF 2025 Submission) data as required by permit conditions linked to UMON3,4 driver submitted on 28th February 2025.

The result for FPF > 92% was 88.61%

As the FPF percentage above 92% of FFT was less than 95%, this is a breach of permit condition 3.1.5

This is a category 3 breach pending a review of guidance

Cause of breach and route to compliance provided by DCWW:

A new inlet package plant - screening, flow control, Mcvert flowmeter and spill point has been installed at Llangaffo. Site had become non-compliant but has improved since Ops jetted the inlet. Flow setpoint to be increased and valve control to be optimised by May 2026. Ops to continue to monitor and clean lines by rodding.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):
