### 1. Summary of our findings (full details in section 4)

Part of licenced activity assessed (criteria)	Assessment result	Non-compliant licence condition
WR-A2 - Water Abstraction - Abstraction specified by licence - Points of abstraction	Assessed (A)	
WR-A4 - Water Abstraction - Abstraction specified by licence - Purposes of abstraction	Assessed (A)	
WR-B1 - Water Abstraction - Abstraction measurement and records - Means of measurement	Assessed (A)	

Result types are explained in more detail in the 'Important Information' section below.

### 2. What action is required?

No action required.

### 3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution or civil sanctions being imposed depending on the circumstances of the offence.

**At this time, we do not intend to take any further action.**

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

#### 4. Details of our assessment

Arrived onsite at 11:30 on a dry sunny day.

Visited the catch pit. This collects water that has been sprayed onto the pitch before it is re used. This is metered, however the water has already been metered when it was abstracted.

On the permit borehole number 1 is labelled as hotel on the permit and borehole number 2 is labelled as the Greenkeepers.

However on the application form borehole number 1 is the Greenkeepers and borehole number 2 is the Hotel. This is also how they are known to the site.

We visited both boreholes when onsite. Both had been installed with new flowmeters which include telemetry.

When onsite we discussed the possibility of a permit variation to allow year round abstraction and that this would need a permit variation application.

In the plant room at the hotel there was old pipework and valves before the meter which could allow connections to bypass the meter. However, there was no evidence that any bypass had been active or intended.

When onsite I requested that the pipework be altered and the valves blanked off to remove the possibility of a bypass using this old pipework. Photos received shortly after the site visit to show that the pipework had been altered and valves blanked off as requested.

No issues identified when onsite.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

## Important information

### Legal status of this report

Your licence is issued to you under the Water Resources Act 1991 as amended by the Water Act 2003. You have a responsibility to comply with the conditions of your licence and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

### Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action required for the licence condition assessed to avoid non-compliance. No non-compliance scored at this time
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property
