Please provide a description of your request e.g. Construction Environment Management Plan submitted for approval prior to commencement of works/ submission of annual monitoring report for approval

Biosecurity Plan: NRW Invasive Non Native Species Biosecurity Risk Assessment and Management Plan which has been updated after discussions with Adam Cooper from NRW Advisory to include effective screening and cleaning of native oyster spat to ensure removal of any potential pacific oysters which may have inadvertently been brought into the farm.

Environmental Management Plan: Car-Y-Mor Aquaculture Environment Management Plan detailing procedures for the following:

- Control of Pollutants
- Wastewater Management
- Repairs and maintenance of Boats
- Emergency Situation Procedures
- Record keeping
- Reporting Procedures

Monitoring Plan: The monitoring plan has been adapted from the current monitoring plan at St Justinians in conjunction with PEBL, a marine monitoring company which specialises in monitoring of seaweed and shellfish farms. They will provide the camera equipment needed for the surveys, as well as conduct the surveys to the specifications detailed in the Monitoring Plan. Jon Moore, of CALM Environmental Consulting, was also consulted on the detail of the monitoring plan and will assist in the identification of species of interest once the footage has been received.
