APPLICATION TO VARY A MARINE LICENCE

If you would like to make any changes to your licence once it has been granted, you may apply for a variation.

- There are three kinds of variation available:
 - **Administrative changes** to your licence such as changing the address the licence holder.
 - **Routine change** – minor change to your licence which requires no input or minimal input from our advisors for example extending the expiry date of the licence
 - **Complex change** – a change that will required us to seek input from our advisors, for example changes to the method of the works.

Depending on the size and nature of the change requested we will consider whether a complex change can be considered or whether a new application will be required.

- Please submit applications to the **Permit Receipt Centre** via the details at the top of this form
- We recommend that applications are made considering the service levels below;

Administrative changes – 21 days

Routine Change – 8 weeks

Complex change – 4 months for band 2 application, no time limit for band 3

Transferring of licence – 21 days

We recommend that applications are made considering these service levels. Be aware variations cannot be made to expired licences.

Applications must be submitted with the relevant fee

Type	Description	Proposed fee
Variation 1	Administrative change	Fixed fee £240
Variation 2	Complex changes	Hourly Rate of £120
Variation 3	Routine change	Fixed Fee £480

Payments can be made via Cheque, BACS or credit/debit card.

- Cheques should be crossed and made payable to **Natural Resources Wales**.
- For BACS payments ensure you provide the reference number (not remittance number)
- For credit/debit card payments please complete the CC1 form and submit with the application. The CC1 form can be found on our web pages

Further information on payment methods can be found on our web pages

For complex variations, an hourly rate of £120.00 will be charged **and** will be invoiced in arrears, you will need to provide the relevant invoicing details in section 2 of this form.

What happens once I submit my information?

Once we have received this form along with the fee / invoicing details we will add your variation request to our work queue. We will be in touch to acknowledge receipt and to advise of predicted timescales for determination. You may be requested to provide additional information. Determination of your request will only begin once the fee and all the required information has been submitted

Your application may not be considered complete and therefore not processed until key information has been submitted. Your application may be returned if you fail to submit outstanding information within given timescales.

- If you have any queries with regards to completing this application, please contact the Marine licensing team: marinelicensing@naturalresourceswales.gov.uk

Variation request details	
Marine Licence Number	RML1808V1
Expiry date of current Marine Licence	06 September 2019
Licence Holder Name	Greenlink Interconnector Limited
Variation Type <i>Please contact the marine licensing team if you are unsure which variation type is applicable</i>	Administrative Change ☒ Routine Change ☒ Complex Change ☐
Brief description of variation to licence required. (Identify condition numbers and referenced supporting documents within your current licence which is likely to affect).	Change License holder address to: South Bank House Barrow Street Dublin 4 Ireland The geophysical reconnaissance survey of Route A and Route E identified sensitive reef habitats. Discretionary advice from NRW (Lily Pauls) suggested that additional geophysical survey be undertaken to identify a feasible route between Route A and E that avoids the bedrock reef feature of the Pembrokeshire Marine Special Area of Conservation. A route that avoids sensitive habitats between Route E and Route A has been identified. We are requesting a variation to include this new section of corridor on the marine license application so that up to 6 vibrocores, 6 cone penetrometer tests (CPTs) and 3 benthic sampling stations can be carried out along the route. The current license application includes provision for the acquisition of up to 59 Vibrocores, 59 CPTs and 20

	benthic sampling stations. The six vibrocores and benthic grabs are included in this allowance. The variation request is to change the spatial location of the sample stations by including a new area on the application. Please note the method of obtaining the samples has not changed.
List all supporting information submitted in support of this request where applicable.	1. Map showing location of new area in relation to existing RML1808 application area (includes coordinate list to be added to RML1808) 2. Shapefile of new section of application area being requested.
When are you looking to start work requiring the variation?	15 November 2018. Survey vessel is currently mobilised.

1. Information required for all variation requests

2. Application Fee

Please provide the method of payment

Method	Yes (✓)	Reference Number
Cheque		
BACS (not remittance no.)		
World Pay (phone or CC1)
