|          |                                                                                      |
|----------|--------------------------------------------------------------------------------------|
| <b>1</b> | <b>Introduction</b>                                                                  |
| 1.1      | Scheme Location                                                                      |
| <b>2</b> | <b>Scheme Description</b>                                                            |
| 2.1      | Administrative Areas and Existing M4                                                 |
| 2.2      | Existing M4 - Environmental Context                                                  |
| 2.3      | Proposed New Section of Motorway – Environmental Context                             |
| 2.4      | General Arrangement Plans                                                            |
| 2.5      | Highway Drainage and Reen Mitigation Plans                                           |
| 2.6      | Environmental Masterplans                                                            |
| 2.7      | Proposed New Section of Motorway Cross Sections                                      |
| 2.8      | Proposed New Section of Motorway Long Section                                        |
| 2.9      | Percoed NMU Bridge                                                                   |
| 2.10     | Duffryn Railway Underbridge                                                          |
| 2.11     | Lighthouse Road Overbridge                                                           |
| 2.12     | River Ebbw Underbridge                                                               |
| 2.13     | River Usk Crossing Plan and Elevation                                                |
| 2.14     | North Row Overbridge                                                                 |
| 2.15     | Proposed New Section of Motorway: Typical Section of Highway Across the Gwent Levels |
| 2.16     | Total Permanent and Temporary Land Take                                              |
| <b>3</b> | <b>Scheme Construction</b>                                                           |
|          | (No Figures)                                                                         |
| <b>4</b> | <b>Scheme Development and Alternatives Considered</b>                                |
| 4.1      | Key Milestones in the History of the Scheme                                          |
| 4.2      | TR111 Protected Preferred Route - 2006                                               |
| 4.3      | Draft Plan Options (Black, Red and Purple Routes)                                    |
| 4.4      | The 'Blue Route'                                                                     |
| 4.5      | Alternative Route Corridors considered in the Preferred Route Review (B1-B6)         |
| 4.6      | TR111 Protected Preferred Route - July 2014                                          |

**5 Approach to Environmental Impact Assessment**

(No Figures)

**6 Planning Policy and Context**

(No Figures)

**7 Air Quality**

7.1 Study Area for Air Quality Assessment

7.2 Scheme Specific Air Quality Monitoring

7.3 Construction Dust Assessment Process

7.4 Assessed Human Health Receptors: Air Quality

7.5 Air Quality Receptor Transects for Designated Sites

7.6 Newport City Centre Verification Factor

7.7 Air Quality Management Areas

7.8 Newport City Council Air Quality Monitoring

7.9 Background Annual Mean NO<sub>2</sub> and PM<sub>10</sub> Concentrations

7.10 Construction Dust Receptors

7.11 Operational Air Quality Assessment:

7.12 a) Do Minimum (2022) Annual Mean NO<sub>2</sub> Concentrations

b) Do Something (2022) Annual Mean NO<sub>2</sub> Concentrations

c) Change in Annual Mean NO<sub>2</sub> Concentrations

d) Do Minimum (2022) Annual Mean PM<sub>10</sub> Concentrations

e) Do Something (2022) Annual Mean PM<sub>10</sub> Concentrations

f) Change in Annual Mean PM<sub>10</sub> Concentrations

**8 Cultural Heritage**

8.1 Designated Heritage Assets discussed in the text

8.2 Historic Landscape Character Areas within the registered Gwent Levels Landscape of Outstanding Historic Interest

8.3 Archaeologically Sensitive Areas (Newport City Council) and Areas of Special Archaeological Sensitivity (Monmouthshire County Council)

8.4 Non-designated sites of archaeological interest

8.5 Designated Heritage Assets and Non-designated Historic Buildings within and adjacent to the Defined Study Area

8.6 Additional Historic Landscape Character Areas (HLCAs) outside the registered Landscape of Outstanding Historic Interest

8.7 Ecological Mitigation Areas

**9 Landscape and Visual Effects**

9.1 New Section of Motorway Zone of Theoretical Visibility – 28km from proposed bridge piers of River Usk Crossing

9.2 New Section of Motorway Combined Zones of Theoretical Visibility

- 9.3 New Section of Motorway Zone of Theoretical Visibility – Junction 29 Castleton to South Wales to London Mainline (new Duffryn Railway Underbridge)
- 9.4 New Section of Motorway Zone of Theoretical Visibility – South Wales to London mainline (new Duffryn Railway Underbridge) across Wentlooge Levels to south of Docks
- 9.5 New Section of Motorway Zone of Theoretical Visibility –Docks Way Landfill site (new Docks Way Junction), south of Newport Docks across River Usk to east of Uskmouth Railway line
- 9.6 New Section of Motorway Zone of Theoretical Visibility – 15km from Proposed Bridge Piers of River Usk Crossing
- 9.7 New Section of Motorway Zone of Theoretical Visibility – East of Uskmouth Railway line across Caldicot Levels to Steelworks Access Road, south of Bareland Street
- 9.8 New Section of Motorway Zone of Theoretical Visibility – Steelworks Access Road, south of Bareland Street to Junction 23 Magor
- 9.9 New Section of Motorway Representative Viewpoint and Photomontage Location Plan
- 9.10 New Section of Motorway Representative Viewpoints Photosheets
- 9.11 New Section Of Motorway Representative Viewpoints Photomontages
- 9.12 Topography – 5km from New Section of Motorway
- 9.13 Landscape and Planning Context
- 9.14 Landscape and Seascape Character Map
- 9.15 LANDMAP Landscape Aspect Character Areas
- 9.16 New Section of Motorway Visual Residential Receptors
- 9.17 New Section of Motorway Non-Residential Receptors
- 9.18 New Section of Motorway Visual Public Right of Way Receptors
- 9.19 New Section of Motorway Roads and Transport Routes
- 9.20 Complementary Measures – Photo Viewpoints Locations/ Summer &Winter Photo Viewpoints
- 9.21 Existing Vegetation Design and Clearance Drawings

## **10 Ecology and Nature Conservation**

- 10.1 Internationally Designated Nature Conservation Sites
- 10.2 Nationally Designated Nature Conservation Sites
- 10.3 Locally Designated Nature Conservation Sites and Nature Reserves
- 10.4 Phase 1 Habitat Plan
- 10.5 Ecology Survey Key Findings – Habitats and Vegetation
- 10.6 Intertidal Habitats
- 10.7 Subtidal Ecology
- 10.8 Ecology Survey Key Findings – Protected and Notable Species
- 10.9 Invasive Alien Species

## **11 Geology and Soils**

- 11.1 Sites with Potential Land Contamination Source Areas
- 11.2 Permitted Sites
- 11.3 Outline Remediation Strategy

**12 Materials**

(No Figures)

**13 Noise and Vibration**

- 13.1 Study and Calculation Areas
- 13.2 Daytime Construction Noise Impact Bands (without Mitigation)
- 13.3 Operational Daytime Noise Levels for Base Year (2014 Base)
- 13.4 Operational Daytime Noise Levels for Opening Year Without Scheme (2022OYDM)
- 13.5 Operational Daytime Noise Levels for Future Year Without Scheme (2037FYDM)
- 13.6 Operational Daytime Noise Levels for Opening Year With Scheme and Committed Mitigation (2022OYDSCM)
- 13.7 Operational Daytime Noise Levels for Future Year With Scheme and Committed Mitigation (2037FYDSCM)
- 13.8 Noise difference contours – Do-Minimum scenario to Do-Something scenario for Opening Year (2022OYDM -> 2022OYDSCM)
- 13.9 Noise difference contours – Do-Minimum scenario in the Opening Year to Do-Something scenario for Future Year (2022OYDM -> 2037FYDSCM)
- 13.10 Proposed Locations of Acoustic Barriers
- 13.11 Daytime Construction Noise Impact Bands (with Mitigation)
- 13.12 Operational Daytime Noise Levels for Opening Year With Scheme, Committed and Additional Mitigation (2022OYDSCMB2)
- 13.13 Operational Daytime Noise Levels for Future Year With Scheme, Committed and Additional Mitigation (2037FYDSCMB2)
- 13.14 Noise difference contours – Do-Minimum scenario to Do-Something scenario for Opening Year (with Mitigation) (2022OYDM -> 2022OYDSCMB2)
- 13.15 Noise difference contours – Do-Minimum scenario in the opening year to Do-Something scenario for Future Year (with Mitigation) (2022OYDM -> 2037FYDSCMB2)

**14 All Travellers**

- 14.1 Existing Public Rights of Way, Cycle Routes and other Routes used by Non-Motorised Users (NMUs)
- 14.2 Public Rights of Way, Cycle Routes and Other Routes used by NMU Permanently or Temporarily Stopped Up and/or Diverted
- 14.3 Public Rights of Way, Cycle Routes and Other Routes used by NMU during the Operation of the Scheme

**15 Community and Private Assets**

- 15.1 Community Facilities
- 15.2 Primary School Catchment Areas
- 15.3 Senior School Catchment Areas
- 15.4 Parks, play areas, sports centres and tourist/visitor attractions
- 15.5 Private Assets
- 15.6 Land Used by the Community
- 15.7 Agricultural Land Classification
- 15.8 Landholdings

|           |                                                                                            |
|-----------|--------------------------------------------------------------------------------------------|
| <b>16</b> | <b>Road Drainage and the Water Environment</b>                                             |
| 16.1      | Site Setting                                                                               |
| 16.2      | Bedrock Geology and Topography                                                             |
| 16.3      | Superficial Geology and Topography                                                         |
| 16.4      | Hydrology                                                                                  |
| 16.5      | Conceptual Hydrogeological Model                                                           |
| 16.6      | Schematic Conceptual Embankment – Surcharging Phase: <5m Height within the Gwent Levels    |
| 16.7      | Schematic Conceptual Embankment – Post-Surcharge Phase: <5m Height within the Gwent Levels |
| 16.8      | Schematic Conceptual Embankment – Post-Surcharge Phase: >5m Height within the Gwent Levels |
| 16.9      | Schematic Conceptual Embankment – Cut and Fill: Outside of Gwent Levels                    |
| 16.10     | Hydrological Cross Section for Private Water Users                                         |
| <br>      |                                                                                            |
| <b>17</b> | <b>Assessment of Cumulative Effects and Inter-relationships</b>                            |
| 17.1      | Other Planning Applications in the Vicinity of the New Section of Motorway                 |
| 17.2      | Allocated Sites in the Vicinity of the New Section of Motorway                             |
| 17.3      | Closest Receptors - Construction                                                           |
| 17.4      | Closest Receptors – Operation                                                              |
| <br>      |                                                                                            |
| <b>18</b> | <b>Environmental Management</b>                                                            |
|           | (No Figures)                                                                               |
| <br>      |                                                                                            |
| <b>19</b> | <b>Conclusions</b>                                                                         |
|           | (No Figures)                                                                               |
| <br>      |                                                                                            |
| <b>20</b> | <b>References</b>                                                                          |
|           | (No Figures)                                                                               |
