

carry out a site inspection following a sample failure on the 24th March -
ref: CAR_NRW0051342.

Officers met with Denbighshire County Council (DCC) Building Surveyor and their contractor, who is responsible for maintenance of the site.

DCC are in the process of upgrading their treatment system - more land is required to install the new tank.

NRW has requested a copy of their plan, to include actions and the expected timeline.

In the meantime, they are looking at potentially adding alarms to the treatment system to notify if there are power supply or aeration issues.

Action:

Please provide NRW with a copy of your action plan for the installation of the new treatment system.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.
