Dear Environmental Permitting Team

RE: Variation to Operating Technique – Environmental Permit EPR/LP3439HM

Please find attached an application pack provided to facilitate a variation to the above Environmental Permit which relates to a Hazardous Waste Treatment and Transfer Facility operated by Castle Waste Services Ltd. The site is located within the Cardiff Dock complex, postcode CF10 4LX. The site inspector is Dale Padfield who is copied in to this email.

The application pack consists of NRW forms A, C3 and F and also includes supporting documents. The proposed change to the existing activity is to utilise a new raw material as part of the waste treatment process. There are no new listed activities or waste types.

The application pack also contains an application for confidentiality for certain documents forming part of the submission.

An application fee of £2693 (minor technical) has been made to NRW by electronic payment details of which have been included within this pack.

Please note that an OPRA profile has not been provided due to the nature of this variation.

Should you wish to discuss any element of this application, please don't hesitate to contact me.

Yours sincerely,

Dave Humphriss
Chief Executive Officer
Castle Waste Services Ltd
