

Form WRD: Application for a new abstraction licence or a technical variation to an abstraction licence

Application type

Reference number (The number you generated in form WRA). Example:
WRNATURALRESOURCESWALES1101

WRValeResort0806

Are there any applications currently being assessed by us that are linked to this application?

No

Is the proposed abstraction going to be aggregated with another existing abstraction?

No

Are any applications, at the same site; being assessed by the Environment Agency?

No

Tell us when you want your abstraction licence to end: [DD/MM/YY]

n/a

Abstraction details

Abstraction location name/reference

existing licence WA/057/0031/004 Borehole 1

Abstraction point type

Single point

National Grid Reference

ST 04707 78093

Do you have any further points of abstraction?

Yes

Abstraction details - Further points

Abstraction location name/reference
Borehole 2
Abstraction point type
Single point
National Grid Reference
ST 04304 78300
Do you have any further points of abstraction?
Yes

Abstraction details - Further points

Abstraction location name/reference
Catch-pit 1
Abstraction point type
Single point
National Grid Reference
ST05063 78937

Means of abstraction

<p>Provide full details of the equipment you propose to use to abstract water, such as maximum pump capacity and any relevant dimensions, e.g. pipe diameter. For groundwater abstractions, include details about the borehole (depth and diameter) and details of screening and lining.</p>
<p>n/a no change to current equipment or licence. We have requested only a technical change to licence WA/057/0031/004 as shown in the attached file</p>
<p>If necessary, continue on a separate sheet and upload below.</p>
<ul style="list-style-type: none">File: 200326 abstraction licence annotated.pdf - Download

Abstraction quantities

Abstraction location name/reference
n/a no change to existing licence
What purpose will the water be used for?
as detailed in annotated licence attached
Period of abstraction
Will it be all year?
Yes
Maximum quantities (cubic metres)
Annual n/a no change Daily n/a no change Hourly n/a no change
Peak abstraction rate (in litres per second)
n/a no change
Number of hours of abstraction per day
n/a no change
Add quantities for another location?
No

Calculations and supporting information

Use this section to show us how you have calculated the amount of water you require. This should include details of your operational regime (for example, number of hours and days you intend to abstract, number of units produced or area to be irrigated). We use this information to determine if the volumes you propose to abstract are appropriate for the purpose. Depending which industry you are in, you may need to provide additional information below.

If your proposal involves the provision of a residual flow via a notch or orifice, provide information on how this is being calculated. This should include details of the equation being used.

n/a we only require the changes per the attached annotated licence

Additional document. (Spreadsheet file formats need to be: .xls, .xlsx, or .ods)

- File: 200326 abstraction licence annotated.pdf - [Download](#)

Industry-specific requirements

For golf course irrigation

	Maximum area to be irrigated daily (hectares)	Maximum depth of water to be applied daily (millimetres)
Tees	n/a no change	-
Greens	n/a no change	-
Fairways	n/a no change	-
Others	n/a no change	-

Means of measurement

State how you intend to measure the quantity of water you abstract. You do not need to do this for a temporary or transfer licence.

Meter

Water efficiency

Provide details of what measures you provide or intend to implement, to ensure efficient use of water. This could include water storage, re-use or recirculation, monitoring and checking for leaks, undertaking water audits or other industry specific good practice.

n/a no change

Discharge details

Provide a description of the structure and equipment involved in discharge.

n/a no change

Other abstractors / water users

Provide details of nearby abstractors or users of water who could be affected by your proposal. This should include deregulated users (exempt activities or abstractions < 20 cubic metres per day), anglers and canoeists.
Your local authority's environmental health will hold details of exempt domestic abstractors.

n/a no change

Planning application

Have you sought advice on your planning application?

No

Declaration

By signing below, you are declaring that, to the best of your knowledge; the information given in this form, on any map and in any supporting or additional information; is true.
