Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the variation and consolidation of an environmental permit.

The Royal Mint is making this application to carry out a 'normal' Variation of their existing EPR permit under The Environmental Permitting (England and Wales) Regulations 2016 (as amended) to:

1. Increase capacity to receive and process additional WEEE materials, from 4000 tonnes per annum to 11,600 tonnes per annum; and
2. Downscale existing operations and significantly reduce their coin production operations on site with the decommissioning of several process lines, including:
 - a. Copper Plating Lines - CP2 and CP3;
 - b. Zinc Plating Line;
 - c. Armour 1 and Armour 2 (partial); and
 - d. Brass Plating Line, cyanide treatment plant and associated tanks.

There are no changes to the Listed Activities as result of the above changes.

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
