Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This existing Tier 3 Bespoke permit has been varied to become a standard rule set permit SR2008No11 (inert and excavation waste transfer station with treatment, less than 75,000 tonnes per year).

As a result of the operator's request the permitted site boundary has been increased. The revised site plan is included in Schedule 4 of this notice.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
