Compliance criteria codes are listed in the 'Important information' section below.

3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

You are non-compliant with your permit.

At this time, we are issuing you with a warning for the non-compliance recorded above. Warnings may influence future enforcement response for continued or further non-compliance.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

Natural Resources Wales officer Shaun Rees met with Mr Daniel Jones to carry out a routine inspection of the site on the 29 June 2026 at 11:30.

Non-Compliances (recorded in summary) Actions to be addressed –

1.1 General Management

No Energy review had been carried out

Please produce and provide an Energy review to NRW by 23 July 2026

1.2 Energy efficiency

No Energy review had been carried out.

review and record at least every four years whether there are suitable opportunities to improve the energy efficiency of the activities

Please produce and provide an Energy review to NRW by 23 July 2026

3.5 Monitoring

Great Crested Newts not monitored as agreed in writing with Natural Resources Wales.

The operator shall, unless otherwise agreed in writing by Natural Resources Wales, undertake the monitoring specified in the following tables in schedule 3 to this permit:

- *great crested newts specified in table S3.3.*

Written agreement dated 17 March 2023 was in place between the permit holder and Natural Resources Wales for Great Crested Newt surveys to be undertaken biennially and not what is stated within the permit.

Records shows that the Great Crested Newt surveys being carried out on the following dates:

21/03/2023

17/04/2023

03/05/2026

and then again on:

16/04/2026

30/04/2026

These dates clearly show that the surveys were not carried out in accordance with the written agreement.

Please ensure that the Great Crested Newt monitoring aspect of the permit is carried out on accordance with the written agreement.

4.1.2 Records

No Energy review completed.

The operator shall keep on site all records, plans and the management system required to

be maintained by this permit, unless otherwise agreed in writing by Natural Resources Wales.

Please produce and provide an Energy review to NRW by 23 July 2026

Thank you for your time during the inspection

In this document 'Natural Resources Wales' means the Natural Resources Body for Wales established by Article 3 of the Natural Resources Body for Wales (Establishment) order 2012.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm of the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action required for the permit condition assessed to avoid non-compliance. No non-compliance scored at this time
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description	Score
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property	60
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property	31
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property	4
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property	0.1

How we use assessment scores

The number and severity of non-compliances recorded in a year will affect your annual subsistence fee the following year. A non-compliance factor is added to your site's Operator Performance Risk Appraisal (OPRA) score when we calculate your fee to reflect the additional resource we use to assess permit compliance.

If your assessment result in Section 1 is suspended, what does this mean?

In line with our guidance, we may suspend scores for up to six months to allow time for remedial action to be taken. Suspended scores will be re-instated if the action is not completed.
