

Apply to vary a marine licence

Variation request details

Marine licence number
RML2602

Expiry date of current licence
* 31/10/2028

Licence holder name
Mona Offshore Wind Limited

Variation type
Complex change

Brief description of licence variation that is required. (Identify licence condition numbers and reference the supporting documents within your current licence which are likely to be affected)
Mona Offshore Wind Farm is applying to varying the existing Marine Licence (RML2602) to undertake geotechnical works in the Mona Offshore Wind Farm Array Area. Several of the survey parameters have changed with respect to the number and size of samples. None of the conditions under Section 3 of the RML2602 are likely to be affected, however the parameters for geotechnical investigations as detailed under Table 1 within Section 2 will change. Where the varied parameters impact the supporting documents, they have been submitted as part of this variation application, including the Supporting Information Document, and Archaeological Method Statement. The other supporting documents as per RML2602 have not been re-submitted as will be unaffected by this change (the co-ordinates and shapefile for the survey area).
