4. Details of our assessment

Site report

On 29th April 2026 inspections of various Combined Sewer Overflows in the catchment of the Porthcawl beaches were taken in advance of the 2026 bathing water season. The weather was bright and dry. In attendance were 2 Environment Officers from Cwm Taf and Bridgend Environment Team and a DCWW pollution technician.

This report is for the asset at Porthcawl Sandling Close No.7 - permit ref BB3694HN.

The inspection of the asset did not raise any concerns. The screen and EDM monitor were installed. There was no overflow to the CSO outfall at the time of the visit, see picture below.

An EDM data request was submitted for monitoring data between 14/06/2025 - 15/06/2026. The data showed one spill event had been recorded during that time frame on 25/03/2026, which lasted for 15 minutes. NRW rainfall gauges in Lletty Brongu and Brackla show rainfall in the early morning of the 25th, with Lletty Brongu showing higher levels of rainfall than Brackla. This data can be found on NRW's website.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action required for the permit condition assessed to avoid non-compliance. No non-compliance scored at this time
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property
