Dear Marc Murray,

MARINE AND COASTAL ACCESS ACT 2009: PART 4 – MARINE LICENSING

Please find attached for your review and retention a copy of Marine Licence **ORML2465v1** and its conditions. Please note that Marine Licence **ORML2465v1** supersedes Marine Licence **ORML2465** in its entirety.

The Marine Licence has been varied to amend condition number 3.27, which relates to the Primary Radar Mitigation Scheme. The updated condition included in the Marine Licence is as follows:

3.27 Primary Radar Mitigation Scheme (PRMS)

3.27.1 The Licence Holder must submit a PRMS to the Licensing Authority for written approval at least 4 months prior to commencement of Licensed Activity 1. The PRMS must be agreed with NATS prior to submitting to the Licensing Authority for approval. Licensed Activity 1 may not be undertaken prior to written approval from the Licensing Authority. The PRMS must include mitigation to avoid the impact of the development on the Primary Radar located at Burrington and associated air traffic management operations.

3.27.2 The Licence Holder must ensure that any actions outlined in the documents detailed in condition 3.27.1 are implemented as approved in writing by the Licensing Authority. Any proposed changes to the actions outlined in the documents must be submitted to, and approved in writing by the Licensing Authority prior to any changes being enacted. The changes to the actions outlined in the documents must be agreed with NATS prior to submitting to the Licensing Authority for approval.

The following interpretation has also been included within the varied Marine Licence:

“NATS” means NATS (En Route) plc, incorporated under the Companies Act (4129273) whose registered office is 4000 Parkway, Whiteley, Fareham, Hants PO15 7FL or such other organisation licensed from time to time under sections 5 and 6 of the Transport Act 2000 to provide air traffic services to the relevant managed area (within the meaning of section 40 of that Act).

Advisory Note

Marine Licence, ORML2465v1, constitutes a statutory consent; therefore the conditions set out herein must be complied with in full and will be binding upon any agent or contractor who undertakes any activity on the project on your behalf.

Marine Licence, ORML2465v1 is solely granted for the work to be undertaken with the area specified in the Licence; however, it does not absolve you from applying for further consents or licences as necessary to enable the full completion of your project.
