Mr J. Davies,
Managing Director,
Davies Bros. (Waste) Limited,
Tythegston Landfill Site,
Tythegston,
PORTHCAWL,
Mid Glamorgan.

Dear Mr Davies,

DISPOSAL OF ASBESTOS AT TYTHEGSTON

The Manager of Ogwr Borough D.S.O. has informed me that members of his staff were potentially exposed to asbestos dust whilst making a deposit of refuse on 22 August 1994. The vehicle concerned was of the series H158.

I would be obliged if you could investigate this incident and inform me of your findings. Furthermore, I would take this opportunity to reiterate Condition 62 of your current licence:-

"All asbestos received at the site shall be disposed of in accordance with the working plan and the Institute of Wastes Management Code of Practice for the Disposal of Asbestos Waste 1988. No asbestos waste shall be deposited within 3m of the final surface of the site". You are also required by law to keep a grid plan of each deposit for reasons of posterity.

Yours sincerely,

for BOROUGH ENVIRONMENTAL HEALTH OFFICER

c.c. Mr G. Shackell, DSO Manager, Ogwr Borough Council, Bryncethin Depot,
Bryncethin, Bridgend.
