NRW Lead Officer: Euryrn Roberts.

Report sent to: CARS mailbox, CARS mailbox, on 02/09/2026.

1. Summary of our findings (full details in section 4)

Part of permitted activity assessed (criteria)	Assessment result	Non-compliant permit condition
WQ-C1 - Water Quality - Emissions and monitoring - Emissions to water	Action only (X)	

Result types are explained in more detail in the 'Important Information' section below.

2. What action is required?

Criteria	Action needed	Complete by
WQ-C1	Please explain why a BOD exceedance happened on 24/8/2026 and what action is being taken to prevent further exceedances.	09/10/2026

Action criteria codes are listed in the 'Important information' section below.

3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

At this time, we do not intend to take any further action.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

A notification has been received by Natural Resources Wales that an Operator Self Monitoring sample taken by Dwr Cymru at Gallt y Foel sewage works on the 24th of August 2026 had a Biochemical Oxygen Demand (BOD) result of 132mg/l. The permit limit is 90mg/l.

It is understood that this is the first exceedance in a year and therefore under the look up table procedure isn't a permit failure / breach for the year. However this CAR form is being sent to record this exceedance and to ask some basic questions.

Action:

1. Please explain why this exceedance happened.
2. Please explain what steps are being taken to prevent a re-occurrence.

Timescale:

Please respond by the 9th of October.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action required for the permit condition assessed to avoid non-compliance. No non-compliance scored at this time
