Permit being assessed: UP3728XK

For: FRON CARAVAN AND CAMPING PARK, **held by:** EDITH GELDARD

At: BRYNSIENCYN, ANGLESEY, ., ., LL61 6TX.

Type of assessment carried out: Site Inspection,

Reason: Routine.

On 16/07/2026, between 10:00 and 12:55.

Parts of permit assessed: 3.1.1 Emissions to water, air or land; 4.1 Records

NRW Lead Officer: Ceris Evans.

Report sent to: Owner, Owner, on 10/09/2026.

1. Summary of our findings (full details in section 4)

Part of permitted activity assessed (criteria)	Assessment result	Non-compliant permit condition
WQ-D1 - Water Quality - Information - Records	Action only (X)	
WQ-C1 - Water Quality - Emissions and monitoring - Emissions to water	Action only (X)	

Result types are explained in more detail in the 'Important Information' section below.

2. What action is required?

Criteria	Action needed	Complete by
WQ-D1	Provide copies of waste transfer notes for the last two years.	30/10/2026
WQ-C1	Confirm the final discharge destination of the chemical toilet waste disposal point and provide the findings to Natural Resources Wales (NRW), including sufficient evidence to demonstrate where the discharge enters the drainage or wastewater system.	30/10/2026

Action criteria codes are listed in the 'Important information' section below.

3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

At this time, we do not intend to take any further action.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

Thank you for taking the time to participate in the recent site inspection.

Following the inspection, two areas for improvement were identified and are outlined below.

1. Waste Transfer Documentation

Please provide copies of all waste transfer notes covering the previous two-year period. This information is required to demonstrate compliance with waste duty of care requirements and to verify the appropriate management and disposal of waste generated on site.

2. Discharge Arrangements and Regulatory Requirements

Please confirm the final discharge destination of the chemical toilet waste disposal point and provide the findings to Natural Resources Wales (NRW), including sufficient evidence to demonstrate where the discharge enters the drainage or wastewater system.

Chemical toilet waste should be collected to a separate sealed tank and not allowed to drain into the sewage treatment facility on site as it involves chemicals that will affect the treatment process. Chemical toilet waste should be tankered off site to a recognised water company sewage treatment works.

We look forward to receiving the requested information and updates on the actions outlined above by the 30th October 2026.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action required for the permit condition assessed to avoid non-compliance. No non-compliance scored at this time
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property
