Dear Mr Harris,

Environmental Permitting Regulations (England and Wales) 2016

Dow Silicones UK Ltd EPR Q4 2025 Reporting Forms

Please find enclosed completed reporting forms for Q4 2025, as required by reporting condition 4.2.3 of our permit (JP3632ZH).

Please note For Release point A5 only one sample was taken during 2025 due to the boiler coming offline for statutory inspection and maintenance during H2. The operational period during H2 was within the 6 months of the H1 sample having been taken, so the H1 sample data has been used for 2025 as a whole. If any further documentation is required regarding this absent sample then please let me know.

Should you require clarification regarding information provided, or wish to discuss, please don't hesitate to contact me.

Yours sincerely,
