Dear Sir / Madam

Partial transfer of permit is complete

Permit reference: EPR/PP3231WL/T001
Applicant: Solutia UK Limited
Facility: Ruabon Chemical Works, Ruabon Works, Cefn Mawr, Wrexham, LL14 3SL.

Our determination of your application for a partial transfer is complete. We're satisfied that you will be the person who will operate the facility and you will comply with the requirements of the permit. The transfer takes effect from 2nd April 2015. I enclose a notice showing the transfer details and your permit conditions. Keep this in a safe place.

This letter contains web links to other documents. If you aren't able to access these please phone our Customer Services Centre for help.

You need to look at the document 'How to comply with your environmental permit' as this will help you understand how to meet the conditions of the permit. You can find this on our website at
http://naturalresources.wales/apply-and-buy/environmental-permitting-regulations-guidance/guidance-to-help-you-comply-with-your-environmental-permit/?lang=en

Please look at the table below and note any of the things that apply to your permit.

If…	then..
you plan to keep your records at a site other than where the activity takes place	you need to let us know within 20 working days of receiving this letter.
your permit includes pre-operational or improvement conditions	check the deadlines for completing measures and make sure you carry them out by the times stated

There is an annual subsistence charge for your permit unless:

- your permit is only for discharges of sewage effluent where the maximum daily volume of discharge permitted is five cubic metres or less (this does not apply to non trade effluent or any other type of discharge);
- or your permit is only for mobile plant, instead we will charge for each deployment.

The annual charge is due on demand in the year that we issue the permit and then on 1 April each year. The charge starts from the date we authorise the permit, unless there's a condition relating to a standalone water discharge which states a later start date for the discharge. In that case we will charge for the discharge from the start date. If you need to know more about the subsistence charge please look at the charging guidance on our website at:
http://naturalresources.wales/how-we-regulate-you/our-charges/?lang=en
