4. Details of our assessment

Environment Officers Magda Leonowicz and Alastair Krzyzosiak inspected The Orchard Campsite and five holiday cottages at Hendre Farm House (Permit No. EPR/RB3990HM) on 10 September 2026.

The visit comprised a visual inspection of the package treatment plant and the associated infiltration system

serving the campsite and cottages.

At the time of the visit, the package treatment plant appeared to be operating satisfactorily, with no signs of malfunction observed. The discharge arrangement, comprising a gravel-filled drainage field covering approximately 25 square metres, was also inspected. No visible signs of pollution, ponding, odours, or other adverse environmental impacts were identified during the inspection.
