This treatment works is visited on a monthly basis by a DCWW operative.

Observations

Upon inspection it was noticed that housekeeping at site has been well maintained and a vast improvement from the previous inspection (07th October 2025)

Previously, it was unclear as to where the discharge point was from the works which has now been clarified and discharges into the Neath Canal.

There are two outstanding actions on the previous CAR form (CAR_NRW0049674) which NRW has agreed to extend until the 30th November 2026.
