

Declaration - Person or Persons Receiving Permit

I confirm that I approve the transfer of permit BP0211001, currently held by British Overseas Bank & WGTC Nominees Limited, to be undertaken by Elaine Keast at CBRE

A handwritten signature in black ink, appearing to be 'Elaine Keast', is written over the text.

The persons 'receiving the permit' is the proposed new permit holder.

When the transfer is complete you will become responsible for compliance with the permit and any associated charges.

In order for a transfer to take place we need a declaration statement from everyone that the permit is being transferred to. If there are to be several future proposed holders they will each have to complete a declaration.

You must be a relevant person or have the authority of a relevant person to sign this application on their behalf. An agent acting on behalf of an applicant is NOT a relevant person.

Each individual (or individual trustee) who is applying for their name to appear on the permit must complete this declaration. You can upload a separate document with the relevant information if there are not enough spaces to sign, below.

Relevant people means each applicant, and in the case of a company, a director, manager, company secretary or any similar officer or employee listed on current appointments in Companies House. In the case of a Limited Liability Partnership (LLP), it includes any partner. If the permit holder is an organisation of individuals, each individual (or individual trustee) must complete the declaration.

To simplify and speed up the application process we recommend that the declaration is filled in by an officer of a company or one of the partners in a Limited Liability Partnership (LLP).

If you wish a manager, employee or consultant etc. to sign the declaration on behalf of a relevant person, we will need written confirmation from a relevant person; that is, an officer of the company, a partner in the LLP or the individual, confirming that the person has the authority to fill in the declaration.
