4. Details of our assessment

Site Description

Tregoyd House is located close to Brecon in Powys. The site is permitted to discharge a biologically treated sewage effluent to the Tregoyd Brook not exceeding 12 cubic metres per day.

Purpose of Visit

This was a routine unannounced compliance inspection.

Weather Conditions

There had been sporadic periods of heavy rainfall within the 24 hours preceding the inspection.

Assessment Findings

Operations

On arrival officers noted the site gates were locked. Officers spoke with a contractor on site who confirmed the house was not in use. When PGL Beyond were contacted it was confirmed by the member of staff spoken to that PGL Beyond had not operated out of Tregoyd House for some time.

The permit to discharge is still operational and in the name of P.G.L Young Adventure Limited. As per the original correspondence to P.G.L Young Adventure on 21 July 1994 where there is a change of ownership of the discharge this should be notified to the relevant authority in writing. Until such notice is given, PGL **remain responsible** for the permit and any discharge made under that permit from Tregoyd house.

Required Action

- To consider a permit variation if P.G.L Beyond no longer wish to operate the permit to discharge at Tregoyd House. **Due by 31 December 2026**

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action required for the permit condition assessed to avoid non-compliance. No non-compliance scored at this time
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property
