At this time, we do not intend to take any further action.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

This compliance form is the result of the compliance visit carried out by NRW officers on

Wednesday the 7th of October 2026.

Arrived on site at 10:00am and met with DCWW staff. Discussed issues with the site which were highlighted in a previous visit back in 2025 where there were concerns regarding the spray mechanism for the screens not functioning.

DCWW lifted the inspection covers for the site's screens which showed them to be in much better condition that previous visits. DCWW said that they had the screen washing system fixed and it should now function as intended. I asked DCWW to test the system which showed the system to be functional.

Reviewed the site's maintenance logs. NRW request that a DCWW provide the spill data for the power failure on 09/09/2026 be provided as discussed on site.

Left site at 10:40am.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action required for the permit condition assessed to avoid non-compliance. No non-compliance scored at this time
