### **Introductory note**

#### **This introductory note does not form a part of the notice**

The following notice gives notice of the transfer of an environmental permit to a new operator (the transferee).

This is a full transfer of an environmental permit from Intertissue Limited to Sofidel UK Limited.

The BAT conclusions for the production of pulp, paper and board were published in the Official Journal of the European Union (OJEU) on 30 September 2014. The BAT conclusions shall be applied in full four years after their publication, i.e. on 30 September 2018, which means that BAT-AELs are binding as emission limit values as from this time.

As the 2018 compliance date has now passed, Schedule 3 and Schedule 4 have been amended. Schedule 3 (a) and Schedule 4 (a) have been removed from the permit. The monitoring and reporting standards have not changed as a result of this transfer.

The installation name has also been changed from Intertissue Neath to Baglan Paper Mill, the update removes the previous operator from the site name.

Consolidated permit issued as a separate document.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
