Mr Bradley

Further to our conversation this afternoon, please find a link to our website where you are able to apply for a bespoke permit from NRW.

<https://naturalresources.wales/permits-and-permissions/environmental-permits/how-to-apply-for-an-environmental-permit/?lang=en>

and more generally

<https://naturalresources.wales/permits-and-permissions/environmental-permits/?lang=en>

This is because you are located close to a Site of Special Scientific Interest (Glascwm and Gladestry Hills).

The application process should be very straightforward, though there is a

certain amount of guidance to read to help you complete the form correctly. It may also be worth mentioning your failed exemption registration.

If you have any queries then please get in touch
