Dear Mr Lewis

Application reference: PAN-008489

Operator: Mr Ian Lewis

Facility: Cornel Farm, Llanwrthwl, Llandrindod Wells, LD1 6NN

Further to our telephone conversation I have clarified your circumstance with a Senior Permitting Officer. Unfortunately you will not be able to apply for a variation as discussed. This is because the site of the farm has changed even though the farm you now work is next to the farm with the permit.

The application you have submitted will still need to be fully assessed. I still require you to confirm what is the source of water supply for the farm. Also I would be grateful if you could confirm that the land where the disposal takes place is for agricultural use.

With regards to your existing permit GWSE2639 you will need to either surrender the permit or transfer the permit to the current farm owners. If you let me know how you wish to proceed I will send you the appropriate forms.

Please reply within 10 working days from the date of this letter. If we don't hear from you we must return your application and fee.

If you email or write to us please quote the application reference PAN-008489 on any correspondence and send it to the relevant address below.

When we receive the missing items we'll continue to check the details in your application. If there's enough there for us to begin the process of deciding whether or not we can grant your application we say the application is 'duly made' and we'll let you know this by letter.

Please quote our reference if you contact us. If you have any questions please phone me on 03000 653 646 or email steve.bickerton@naturalresourceswales.gov.uk.
