*You must supply enough information to allow us to locate the land where you wish to carry out the work. If your notice does not specify where the operation will take place we*

*will be unable to accept it. An annotated map is most helpful. Please also include details of any relevant secondary works, such as access routes, material storage or disposal locations.*

3	I/We propose to start the operation (or implement the changes) on/after	2 <sup>nd</sup> March 2020
	Work will continue until (if there is no end date strike out this section)	1 <sup>st</sup> May 2020

*Note: Only owners and occupiers of the site can apply for consent. If you are not the owner or occupier, you will need to ask them for permission. The owner or occupier will then need to notify us and get consent before they give you permission.*
