

Wash-down Management Statement

In respect of Talybont on Usk Livestock Market.

Partner in charge: Mr Ashley Simmonds
Assistant Auctioneer: Mr Rory Mathews
Market caretakers: Mr Roger Pugh and Mr Keith Davies.

1. In order to ensure that the wash-down volumes do not exceed 5 cubic meters per day, the market caretakers will carry out wash-down duties over a 2 day period.
2. Periodic checks by the caretakers are to be taken via the installed water meter to ensure volumes are kept within the prescribed limit.
3. Any anomalies are to be immediately reported to the Partner in charge.
4. Fortnightly inspections are to be made by the market caretakers of the holding tanks who will undertake any routine maintenance that may be required. Any matters of concern must be reported immediately to the partner in charge.
