The Water Resources (Abstraction and Impounding) Regulations 2006**

With regards to the ongoing task of managing environmental permits and licences for our Mine Water Treatment Schemes, I can confirm that the following Coal Authority employees' names are duly authorised to apply for, vary or revoke abstraction licences and discharge permits on behalf of the Coal Authority:

Mr Carl Banton, Head of Environment Strategy
Dr Ian Watson, Technical Lead - Water
Mr Andrew Morritt, Principal Contracts Manager
Miss Cara Callingham, Assistant Technical and R&D Manager

Furthermore, I can also confirm that the above named individuals are authorised to appoint agents to act on behalf of the Authority to apply for licences/permits under the provisions of these Regulations.

This letter supersedes the Authority's previous letter to yourselves on this matter (Reference CA38/4/1/3/4, dated 23 January 2017). I would appreciate it, if you would acknowledge receipt of this letter.

Should you require any further information please contact Carl Banton

Yours faithfully
