Dear Sir / Madam

Ref: Gwenffrwd/Whitworth A & B (Pelenna) Mine Water Treatment Scheme - Application for a new transitional water resources abstraction licence

This application is for a new transitional water resources abstraction licence for a previously exempt abstraction at Gwenffrwd/Whitworth A & B (Pelenna) Mine Water Treatment Scheme.

The Coal Authority is a government funded body sponsored by the Department for Business, Energy and Industry. Working in partnership with NRW, the Coal Authority is empowered to take action to manage mine-water from historic and abandoned mines.

The Gwenffrwd/Whitworth A & B (Pelenna) Mine Water Treatment Scheme is discussed at the Coal Authority / NRW liaison meetings and is known to the local NRW team (Haff Peskett, Kay Roberts, Maria Healan, Fran Rolfe and Andrew Hood).

This application consists of the following documents:

- Gwenffrwd/Whitworth A & B (Pelenna) Covering Letter (i.e. this document)
- Application Form WRH
- Gwenffrwd/Whitworth A & B (Pelenna) Additional Information
- A letter of delegated authority
- And a remittance note demonstrating payment has been made.

For any queries relating to this enquiry please don't hesitate to contact me.

Cara Callingham,
Assistant R&D/Technical Manager.
