### Section 1 – Compliance Assessment Summary

This is based on the requirements of the permit under the Environmental Permitting Regulations or the licence under the Water Resources Act 1991 as amended by the Water Act 2003. A detailed explanation is captured in "Compliance Assessment Report Detail" (Section 2) and any actions you may need to take are given in the "Action(s)" (section 4). This summary details where we believe any non-compliance with the permit has occurred, the relevant condition and how the non-compliance has been categorised using our Compliance Classification Scheme (CCS). CCS Scores can be consolidated or suspended where appropriate, to reflect the impact of some non-compliances more accurately. For more details of our CCS scheme, contact your local office.

## Section 2 – Compliance Assessment Report Detail

This section contains a report of our findings and will usually include information on:

- Where the type of assessment was 'Data Review' details of the report/results triggering the assessment

- Details of any multiple non-compliances

This is to confirm that the site improvement plan submitted on the 15th January 2020 (V1) which was then agreed and signed on the 18th February 2020 was complied with after receiving an application to vary the permit by the 31st March 2020. Other site improvements were also made as detailed in the previous CAR form from our visit on the 14th February 2020. You are being issued with a site warning on this occasion in response to the original non compliances (witnessed during our visit on the 4th October 2020). This CAR form can therefore be considered our enforcement response.

If you have any questions please get in touch with your site officer.

Non-compliance with your permit conditions constitutes an offence and can result in criminal prosecutions and/or suspension or revocation of a permit. Please read the detailed assessment in Section 2 and the steps you need to take in Section 4 below.

In respect of the above non-compliance you have been issued with a warning. At present we do not intend to take further enforcement action. This does not preclude us from taking additional enforcement action if further relevant information comes to light or offences continue.

This section summarises the actions identified during the assessment along with the timescales for when they will need to be completed.
