1 Working out charges (you must fill in this section)

You have to submit an application fee with your application. You can find out the charge by looking at our current environmental permitting charging scheme. This can be found on our 'How we regulate you' webpages. Please remember that the charges are revised on 1 April each year and that there is an annual subsistence charge (for site based permits) to cover the costs we incur in the ongoing regulation of the permit.

Examples: We have included examples to help you complete the table. The Tier 2 charge example is for an application for a 'New standard rule' permit. The Tier 3 charge example is for an installation Opra based charge for a normal variation (multiplier) application.

Note: for Opra charged Tier 3 Facilities you also need to complete an Opra profile (see section 2).

Table 1 – Working out charges				
Type of application				
	Summary of charges			
Tier 2 facilities (including Part A(2) and Part B)	Charge identifier	Number of facilities	Charge for each facility (£)	Charges due (£)
EXAMPLE: SR2010 No12	S060A (W)	1	1,630.00	1,630.00
Tier 3 facilities				
EXAMPLE: Total Opra charging score for installations	90	× charge multiplier	57	5,130.00
Total Opra charging score for installations		× charge multiplier		
Total Opra charging score for waste operations		× charge multiplier		
Total Opra charging score for mining waste facilities				
Other charges (such as one-off assessments or fixed charge applications etc.)				
Total charges due				2593.00

2 Opra profile (does not apply to standard facilities, or other tier 2 permit applications)

If you are submitting a bespoke application, you must include a completed electronic copy in Excel of the current Opra spreadsheet. You can find the current Opra spreadsheet in the 'Our charges' section on our 'How we regulate you' webpages.

For all variations, full and partial surrenders: you will need to submit a copy of your current Opra profile based on your existing profile, not a new profile following the variation or surrender.

For transfers: you will need to submit a revised Opra profile to include your own operator performance. Note: this will not change the set transfer fee.

Important: your Opra profile (score) must match our records. If you are unsure about your current Opra profile (score), you should talk to your regulatory officer before submitting your application.

Tick this box to confirm that you have included the electronic OPRA spreadsheet

7 Declaration

You must read this section before making the declaration and sending your form to us.

For transfer applications - Both you and the person receiving the permit must make the declaration.

Section 7d must be completed by the current holder *and* Section 7e must be completed by the proposed new holder.

A relevant person should make the declaration. You must be a relevant person or have the authority of a relevant person to sign this application on their behalf.

Relevant people means each applicant, and in the case of a company, a director, manager, company secretary or any similar officer or employee listed on current appointments in Companies House. In the case

of a Limited Liability Partnership (LLP), it includes any partner. If the permit holder is an organisation of individuals, each individual (or individual trustee) must complete the declaration.

To simplify and speed up the application process we recommend that the declaration is filled in by an officer of a company or one of the partners in a Limited Liability Partnership (LLP).

If you wish a manager, employee or consultant etc. to sign the declaration on behalf of a relevant person, we will need written confirmation from a relevant person; that is, an officer of the company, a partner in the LLP or the individual, confirming that the person has the authority to fill in the declaration.

If you are joint permit holders you should each fill in your own declaration. We have provided extra spaces for this below. Please send in a separate sheet with your application if you need more room for signatories.

Where the operator is the subject of any insolvency procedure, the declaration must be filled in by the official receiver/appointed insolvency practitioner.

7a Are you signing the form on behalf of a relevant person?

If you are *not* a relevant person, but want to sign the application on their behalf, you must include confirmation that you can do this.

I have included written confirmation from a relevant person to confirm I can sign on their behalf. ☒

7b Does your application include a standard facility?

If your application includes a standard facility, you also need to confirm that you are able to meet all relevant criteria of the standard rule set/sets for which you are applying.

I confirm that my standard facility will fully meet the rules that I have applied for. ☐

7c Does your application include ecological survey information?

If your application includes ecological survey information, please see the guidance notes on part F1 and tick the box below to confirm that you have no issue with us using information from any ecological survey you have supplied with your application.

I confirm I am happy for the ecological survey information I have supplied to be used as set out in the guidance. ☐

Good morning Claire,

Thank you for the photographs.

The Application forms for surrendering a permit can be found here:

<https://naturalresources.wales/permits-and-permissions/waste-permitting/apply-for-a-waste-permit/apply-to-surrender-a-waste-permit/?lang=en>

Due to the management of the site, no reports of pollution and no complaints etc, **NRW would consider this a low risk surrender.**

Low Risk as defined in Box 1 of Horizontal Guidance H5 – Site Condition Report, found here:

And therefore, according to our fees and charges (2020-2021) found here:

<https://cdn.naturalresources.wales/media/691711/environmental-permitting-charging-scheme-2020-21.pdf>

Page 16 Point 25 (2): Low Risk Surrender charges: "For any other tier 2 and tier 3 facility for which the operator has received confirmation from NRW that intrusive investigation is not required in accordance with the criteria in box 1 of "Site condition report – guidance and templates",² (H5), version 5, published by NRW in October 2014, the sum of **£2,593.**"

Please ensure you send this email along with your surrender application as confirmation that this is a low risk surrender.

Sally

Hi Claire,

I have pretty much lost the plot! Fortunately we can now go and sit in Granny's garden which will be a little different!

At the bottom of this page there is an Regulatory Guidance Note for Surrender (RGN 9).

Could you send me some photographs of when you left the site? I shall do some digging on the permit and previous CAR forms and then I'll send you another email once I've taken a look at all the documents.

Hope you're keeping well.

Sally

Subject: Permit Surrender

Hi Sally

Hope you are still keeping safe and the twins have not yet sent you over the edge.

Can you please guide me as to how we surrender a permit, as you were aware we vacated out of Johnstown as a accepting material some years back, we have now ceased trading from that location totally, and all offices are now based here at Nantycaws. We now need to surrender the permit that was on the building.

Look forward to hearing from you
