Dear Mr. Raasch,

**We need more information about your application**

**Application reference: PAN-010936**

**Operator: Avara Foods Ltd**

**Facility: Nant Coed Farm Poultry Unit, Nant Coed Farm, Nantycaws, Carmarthen, Carmarthenshire, SA32 8HB**

Thank you for your application received on 8<sup>th</sup> July 2020. Unfortunately the application cannot be duly made at present (an application is considered duly made when we have determined that it contains all the information needed to begin the determination of the application, and when the application fee has been paid). The reasons for this are:

- The company registration number stated in application form A is not the company registration number for Avara Foods Ltd. Please can you update the form with the correct company details and resubmit.
- The charge stated on form F is incorrect for this application type. We have new charges in place for 2020/2021, and the correct fee to pay is £388. Please see page 24 of our updated charging scheme:  
<https://cdn.naturalresources.wales/media/691711/environmental-permitting-charging-scheme-2020-21.pdf>  
Please can you confirm if you are happy for us to contact the operator to arrange a debit/credit card payment of £388.
- Please submit information about how your operating techniques will change, or any new operating techniques you will follow for rearing pullets.

Please reply within 10 working days from the date of this letter. If we don't hear from you we must return your application.

When we receive the missing items we'll continue to check the details in your application. If there's enough there for us to begin the process of deciding whether or not we can grant your application we say the application is 'duly made' and we'll let you know this by letter.

Please quote our reference if you contact us. If you have any questions please email
