Dear Ms Bacon-Weekes

Re: Notification of Environmental Permit Breaches at Building 2 Westfield Industrial Park, Swansea, SA5 4SF.

Further to your correspondence dated 15 July 2020, I can confirm that we have been made aware of the permit breaches and have requested an action plan from the Treatment Hub to reduce their waste volumes accordingly.

In the meantime, we have received verbal confirmation that the operations have ceased, and our onsite maintenance team are aware of the same.

At this stage we have been informed that the reduction of volume is subject to your approval and look forward to receiving confirmation of the same.

Should you require any further information or details in the meantime, please do not hesitate to contact me.

Yours sincerely
