British Cattle  
Movement Service

**CTSonline**

the easy way to check and report your cattle information

### Verification Code when accessing CTS Online

Some changes have been made to the Government Gateway. If you have signed up for HMRC digital services and use the same government gateway account for CTS Online you may be asked for a verification code.

This verification code will be sent to the phone number that you registered on the digital services account.

A new verification code will need to be entered each time you log into your government gateway account.

### Missed reporting a movement?

If you miss reporting a movement and it appears in your problem status on CTS Online, did you know you can still report the movement using the 'Register ON Movements' or Register OFF Movements' menus and typing the full ear tag.
