3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

At this time, we do not intend to take any further action.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

Monitoring reports 2019

Quarterly reports and 2019 Annual Monitoring Report received and reviewed. Refer to previous CAR forms with ongoing items.

We agree with the conclusions in section 5 of the AMR.

Reinstatement of external monitoring points noted.

2019 Flare emissions report, Trace gas analysis report

Reports received and reviewed.

We agree with the findings of the flare emissions report (note 4)

Site meeting and inspection 31st July 19

Discussed Q2 monitoring report, along with dates for replacement monitoring points (in-waste and external)

Inspection of closed landfill site, including surface water drainage ditches. Minor debris and vegetation in some locations to be cleaned out as part of routine maintenance.

Random inspection of monitoring points with access arrangements - grass recently cut.

The site appears to be in general good order.

Refer to previous CARs to review performance, pipe-work falls and consideration for some replacement gas extraction wells.

HRA Review 2019

Report received and reviewed. The Review indicates that the site conceptual model has not changed significantly since the previous HRA. Some further information is being

collected and will be provided in due course.

Monitoring reports 2020

Q1 and Q2 reports received and reviewed.

Investigations proposed in relation to leachate well LC5A to be progressed as soon as possible.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm of the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description	Score
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property	60
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property	31
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property	4
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property	0.1

How we use assessment scores

The number and severity of non-compliances recorded in a year will affect your annual subsistence fee the following year. A non-compliance factor is added to your site's Operator

Performance Risk Appraisal (OPRA) score when we calculate your fee to reflect the additional resource we use to assess permit compliance.

What are suspended scores?

In line with our guidance, we may suspend scores for up to six months to allow time for remedial action to be taken. Suspended scores will be re-instated if the action is not completed.
