

Notes

The information contained on this drawing as to the position of Statutory Undertakers apparatus is for guidance only on the strict understanding that it is based on the best information available.

No warranty as to its correctness is given or implied and it is not to be relied upon in the event of excavations or any other works made in the vicinity of any apparatus.

The onus for locating the apparatus before carrying out any excavation rests entirely with the Contractor.

This area is overgrown and were unable to locate both manhole covers - drawn on plan from old drawings - further investigation required after overgrowth has been removed and the need of a metal detector might be necessary.

Existing Biodisc

River Rhymney

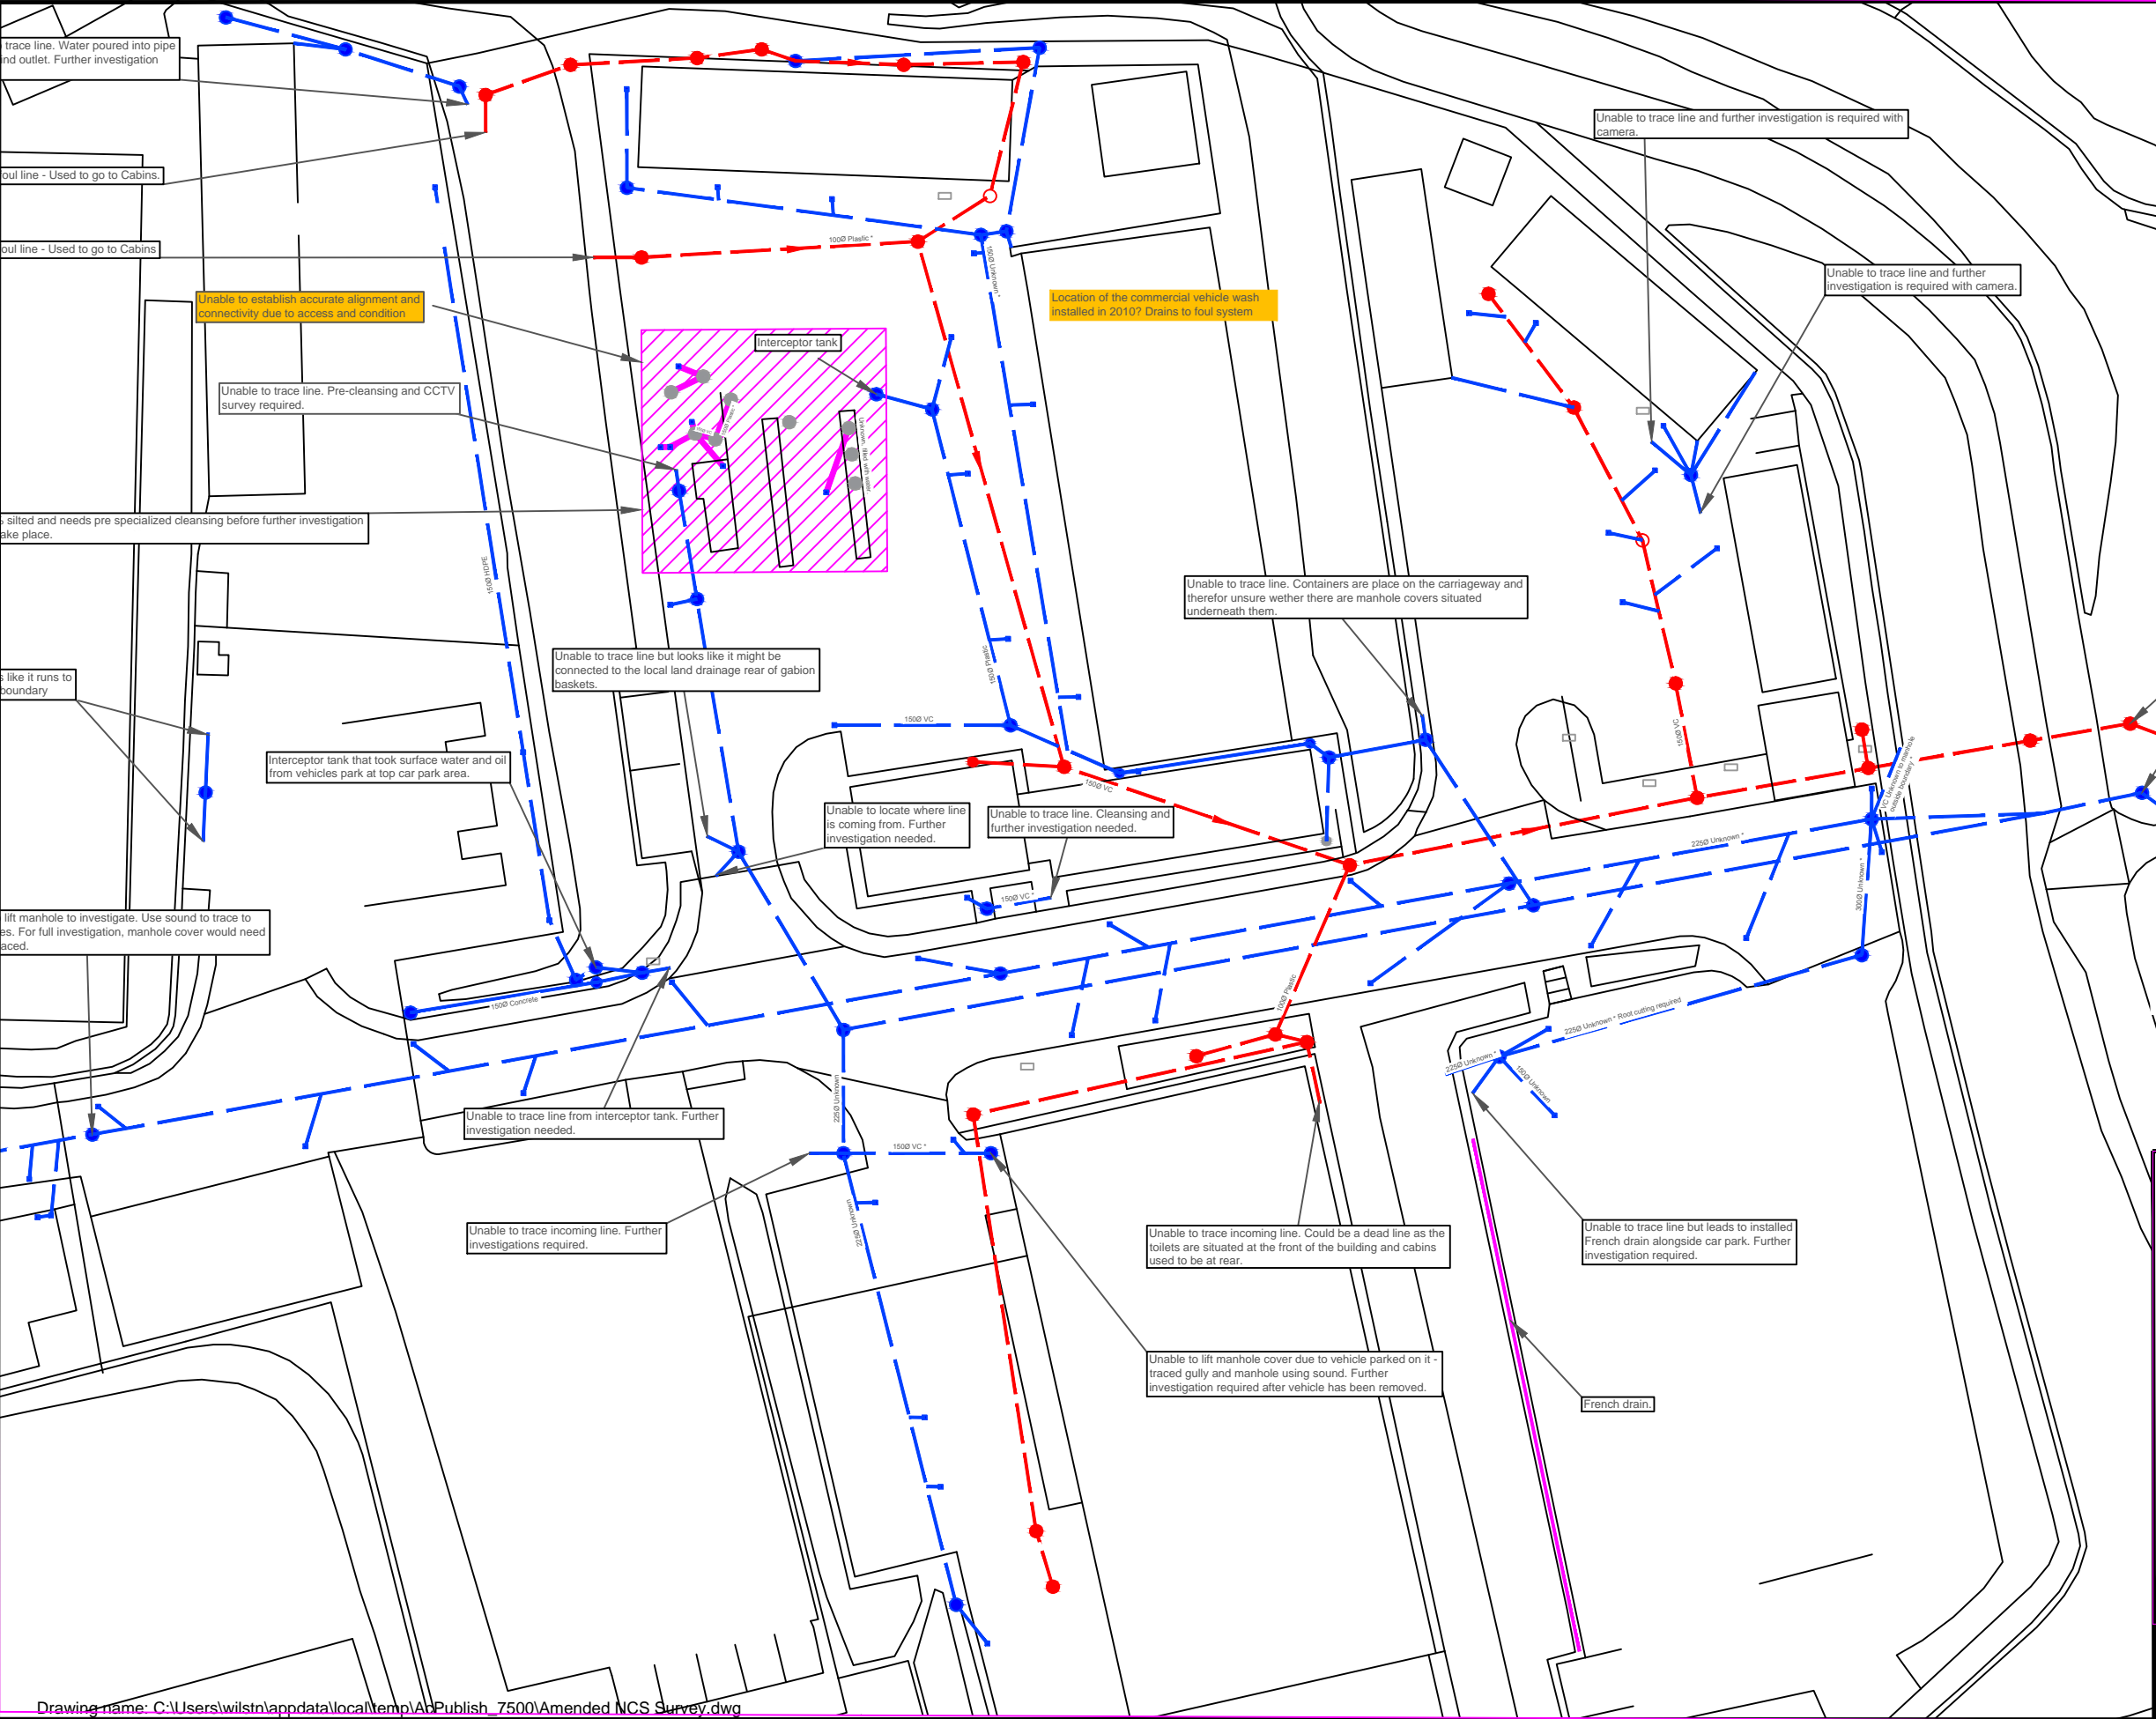

DCWW Trunk Sewer

Legend

- Gully
- Manhole Cover (un-classified)
- Surface Water pipe
- Foul Sewer pipe
