Dear Mr. Scale,

REGULATION 61(1) NOTICE ARRANGEMENTS

On the 22 October 2020 we issued you with a Regulation 61(1) Notice, under the Environmental Permitting (England and Wales) Regulations 2016. Following this, on the 27 October 2020, you contacted Robert Phillips, Pembrokeshire Environment Team Leader, to discuss the due date for the information submission for that notice.

In line with what was discussed during that conversation, we will now withdraw the notice of the 22 October 2020. Please find attached to this letter a newly issued Regulation 61(1) with the agreed new due date.

This request for information maintains the same purpose at the withdrawn notice, in that it seeks to confirm the level of independence each of the named businesses has from the Capestone Farm Poultry Unit site operation. This is to determine the extent to which the environmental permit rule of aggregation applies to the activities of these associated businesses.

The enclosed legal notice requires you to submit information about the operation of Capestone Organic Poultry Limited, as well as the operation of other companies which you are a Director. We serve this notice in exercise of our powers under Regulation 61(1) of the Environmental Permitting (England and Wales) Regulations 2016.

Please take care to read through this notice carefully.

If you have any queries regarding this letter, then please contact me.

Yours sincerely

Chris Roscoe
Environment Officer, Pembrokeshire Environment Team
