## **2 LICENSED ACTIVITIES**

### **2.1 Project**

This licence is granted in respect of the clearance (no removal) of debris and pebbles obstructing the Welsh Water outfall, Cardiff.

The clearance of the outfall will require movement (no removal) of existing material (sand, stones and pebbles) on the foreshore to clear the existing Welsh Water outfall.

**The Licensed Activities permitted by this licence, as set out in 2.2 below, comprise activities of the following general type:**

- construction, alteration or improvement of works in or over the sea or on or under the sea bed.

### **2.2 Licensed Activities**

The following activities can be conducted within the Licence Period, within the Licensed Area and in accordance with the Approved Application, and the Approved Supporting Documents:

#### **Beach Management**

The following activities can be conducted under this licence with the aim of restoring pre-existing beach profiles:

- Clearance/removal of beach material in and around outfalls
- beach re-profiling - the movement of beach material cross-shore up or down the beach
- beach recycling – the movement of beach material along the beach from areas of accretion to areas of erosion within the beach or associated sediment system
- replacing or returning wind-blown sand to the beach

Note: Beach replenishment is not permitted under this licence. Beach replenishment is defined as the addition of beach material from sources not connected with the sediment system of the beach to replace material permanently lost from the system.

**Licence Number: CML2010**
