Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

The administrative variation adds one European Waste Catalogue (EWC) code to the permit. The EWC code is 18 01 07 'chemicals other than those mentioned in 18 01 06'. The code remains within the same risk profile as other wastes permitted at the facility and is required to enable the site to accept wastes arising from COVID-19 mass testing regimes.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
