Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation and consolidation of an environmental permit.

This variation is a led by Natural Resources Wales to make minor changes following the previous substantial variation. Specifically: Table S1.1 for activity A1 has had the D15 description and reference to the storage of loose material both re-inserted; This same table in relation to activity A4 has had the storage capacity limit reinstated at the previously permitted quantity of 100,000 Tonnes; The previously included improvement condition in table S1.4B has been re-inserted and the corresponding reference to this condition re-inserted in table S1.1, along with re-insertion of the relevant permit condition; The wording of improvement condition 2 in table S1.3 has been amended to allow the agreement of a new compliance date, and the date extended; and; Clarification of operating techniques reference in Table S1.2.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
