Comments:

Slight increase in general waste in line with the increase of production in 2020.
Slight increase in cardboard inline with increase of production in 2020.
Slight increase in dry mixed recycling due to focus on improving recycling in 2020.
Slight reduction in Effluent plant sludge due to the reduction in use of the travel oven in the Cooked Department.

Butchery Waste is meat that has fallen on the floor and is classed as Animal By-Products, therefore not required to be reported as a waste under EPR Permit Reporting. Waste previously reported as ABP (FOG) has been renamed as Effluent Plant Sludge.
