Dear Mr W Wallace,

RE: Your Ref: EPR-UP3831ES/PAN-011600; Our ref: EPR-UP3831ES / BU2349

With regards to the recent application for a Minor Technical Variation for the storage and drumming off of aqueous ammonia solution by TS Resins Ltd, Synthite Ltd confirm the following contractual arrangements:

TS Resins Ltd are responsible for the storage tank T586, the Blender shed where IBCs are filled and all associated pipework, including all fugitive emissions at those points.

TS Resins Ltd are responsible for the vent pipework from T586 and the Blender shed up to the point where the pipework crosses the tank farm roadway (centre of the roadway), including fugitive emissions.

Synthite Ltd are responsible for the vent pipework from the centre of the roadway, including all treated emissions and fugitive emissions.

This letter will be appended to all copies of both permits.

Yours sincerely,

Yours sincerely,

Jayne Mountford
Technical Manager
